WILL TRY TO GET PACT OUT OF COMMITTEE

Democrats to Center Efforts to Defeat Amendments

WASHINGTON, Aug. 16.—As a sequel to the White house conference yesterday between President Wilson and Senator Hitchcock, administration leaders in the senate today are making apparent efforts to bring the treaty out of committee and defeating any textual amendments, leaving in the background any negotiations relative to final ratification with reservations.

Show Opposition Stronger.

Republican senators said one result of the negotiations of the last few days and of Senator Hitchcock's statements had been to stiffen resistance to any attempt to increase the determination and to increase the determination to amend. They asserted yesterday's poll had shown opposition to the Shantung provision growing stronger in the face of explanatory statements from Tokio and from the White house. The reported position of the president is that textual amendments would send the treaty back for renegotiations with Germany without any military force to compel acceptance of the American demands was taken as largely forecasting the trend of the amendment fight. It was understood that the feature would be imposed by Senator Hitchcock in a speech he is expected to make next week.

The fact that Senator Hitchcock did not quote the president as standing uncompromisingly against reservation for the same reason, was pointed out as significant by some of the group of Republicans who under the lead of Senator McNary have agreed on reservations.

Some Favorable Comment.

They declared all the elements of the situation bore out their claim that they had information insuring Democratic assent to their program. Among the group there was some favorable comment on the new set of reservations show to Republican senators by Republican Leader Lodge in the same quarter. It was pointed out that should he definitely give his support to a reservation program acceptable to a large number of senators, the logical outcome might be a draft of reservations by him which would become the rallying point of the Republican reservation forces.

Republicans assert that the only possible outcome if reservations are to be adopted in place of textual amendments will be agreement on a draft drawn by Mr. Lodge or some other senator which must be accepted by the Democrats. The only open question they declare, is how drastic the reservation are to be.

Claim Stand Unchanged.

The Democratic leaders maintained there had been no change in their stand for unreserved ratification and in some quarters the outcome of the conference between the president and Senator Hitchcock was interpreted to mean that Mr. Wilson would fight uncompromisingly against both amendments and reservations.

Interest was aroused by a statement by Mr. Hitchcock that the president had laughingly suggested sending Senators Lodge and Knox to negotiate any future treaty with Germany should the present one fall thru being amended.

PRIVATE LINE GETS CONCRETE STEAMER

WASHINGTON, Aug. 16.—The Steamship Atlanta, the first concrete vessel to be launched from an Atlantic ship yard and the second to be operated in Atlantic waters, was turned over by the shipping board today to the Rapoport Steamship Line of New York which will operate the vessel in its West Indian service. The Atlanta was built at Wilmington, N. C., and is 3,000 tons.

ACCEPT COMPROMISE

Bridgeport, Conn., Aug. 16.—After being on strike for three weeks, 1,500 workers from the Bryant Electric Company today voted to accept the compromise offer of the concern and will return to work Monday.

ARMY DISCHARGES.

Washington, Aug. 16.—Discharges from the army now total 3,208,759 the war department announced today, leaving a net strength on August 12 of 509,699 officers and men, of whom 159,938 still were in Europe.

Stagehands And Musicians Join Actors Strike

NEW YORK, Aug. 16.—Stage hands and musicians tonight stalked forth from New York playhouses in sympathy with striking actors.

The aid of the "auxiliary forces" was called into the fray between producers and actors after Joe Weber, president of the American Federation of Musicians and Charles C. Shay, president of the International Alliance of Theatre and Stage Employees had conferred with the producing managers protective association.

Walkout Causes Flurry.

Coming on Broadway's busiest night, when theatregoers, fearing the effect of threatened subway and elevated strike determined to make the most of their last opportunity to visit the Rialto, the walkout of additional forces caused a flurry of excitement to spread thru the city.

R. E. Mahony and Benjamin Squires, said to have been named by Secretary of Labor Wilson to act as conciliators arrived today and conferred with Paul Turner, attorney for actors. Both sides in the controversy held their ground today declaring they were unwilling to make further concessions.

The managers' sole reason for continuing the strike fight declared Frank Gilmore, executive secretary of the Actors Association was the fact that the actors have affiliated themselves with the American Federation of Labor.

The actors announced tonight that a grand parade would be held Monday as a preliminary to their first independent stage effort which is to be presented Monday night with 21 famous stars as attraction.

May Spread to Canada.

E. L. Leemaster, secretary and treasurer of the International association of Theatrical and Stage Employees and Machine Operators stated tonight the strike threatens not only to become nation-wide but to spread to Canada. While stage hands and musicians of only four theatres had walked out tonight their leaders declared a walkout would be ordered at other playhouses Monday.

Close Third Theatre.

Chicago, Aug. 16.—In the face of a pending injunction suit fifteen members of the company showing at the Woods Theatre tonight joined the actors' strike. A telegram received from New York "backed up" by an order from E. N. Vockels, secretary of the Chicago Federation of Labor, caused the actors to leave the Woods. This is the third theatre to be closed by the strike.

BRAND WHITLOCK REACHES NEW YORK

NEW YORK, Aug. 16.—Brand Whitlock, U. S. minister to Belgium arrived tonight from Brest on the Holland-American liner "New Amsterdam." Miss Jane Addams of Chicago who after going abroad to attend the international congress of women at Zurich served on a Quaker mission sent to Berlin to investigate the food situation also returned.

Mr. Whitlock, who went abroad almost four years ago, said that conditions in Belgium are slowly approaching normal, with factories resuming operations on a limited scale. The food situation he said appeared to be improved over last winter.

LOS ANGELES STREET RAILWAY MEN STRIKE

LOS ANGELES, Cal., Aug. 16.—Motormen and conductors employed by the Pacific Electric Railway Co., went on strike for higher wages at 2 o'clock this morning in compliance with an order issued yesterday by an employees committee calling on the men to strike.

Crews of the "owl" cars of the Los Angeles Railway Company were ordered to work thru until morning.

The Los Angeles Railway Co., operates exclusively in the city, while the Pacific Electric lines reach many towns within a radius of sixty miles.

GOMPERS TO SAIL FOR AMERICA TODAY

PARIS, Friday, Aug. 15.—Samuel Gompers, president of the American Federation of Labor who attended the labor congress at Amsterdam and has been spending a few days in this city, will sail from Brest Sunday for America on board the Steamer George Washington. He is going home in response to urgent cable messages calling upon him to cut short his visit in Europe.

85 CITIES ORDER FOOD.

Washington, Aug. 16.—Orders for about 8,500,000 pounds of surplus army food have been placed with the war department by 85 cities, the principal items being bacon, corn, peas and tomatoes.

SOCIALISTS WANT ARCHDUKE TO GIVE UP REGENCY

Leader Refuses to Enter New Hungarian Government

BUDAPEST, Aug. 16.—Via Vienna.—(By The Associated Press.)—Paul Garami, the Socialist leader, and other Socialists announced today they would refuse to enter the new government of Stephan Friedrich, unless Archduke Joseph abandoned the regency.

Archduke Joseph's position was stated by Premier Friedrich on announcing the names of Martin Lovassy and other members of the new government as follows: Archduke Joseph makes no promises now, as his withdrawal would lead to civil war.

The new ministers expect to hold on until a parliament is elected, leaving the ministries of commerce, welfare and food open for the Socialists whenever they are willing to come in.

Count Julius Andrássy, foreign minister in the recent Lovassy cabinet, has expressed himself in favor of recalling the old parliament immediately instead of trying to hold elections.

The ministers will swear to serve as long as there is no constitutional government and also to recognize Archduke Joseph as "royal prince regent" until then.

Replies to Garami.

Paris, Aug. 16.—Archduke Joseph, replying to a statement by the Socialist leader Garami, outlining conditions under which the Social Democrats would join the government, is reported by Temps to have said that he would retire from political life as soon as a cabinet was definitely constituted, if necessary and that in any case he would not exact for himself rights which might give rise to the belief that he wished to restore the monarchy.

BUYS PAIR OF SHOES FOR ARMOUR

CHICAGO, Aug. 16.—A pair of shoes, size 10, were purchased today by John J. Sullivan, president of the Builders and Trades Exchange, for J. Ogden Armour, president of Armour and Company. Mr. Sullivan said that Mr. Armour also would get the suits of clothes, shirts, neckties and underwear he asked for in a letter to the exchange made public last night. Footgear also was purchased for Roger C. Sullivan, H. H. Merrick and Julius Rosenwald, he said.

AUTO GOES THRU RAIL, TWO DROWN

JOLIET, Ill., Aug. 16.—Mrs. Freeman Hicks and two year old son George were drowned near here today when their automobile ran thru a railing of Bird's bridge dropping twenty-five feet into the water.

Mrs. Robert Thompson, driver of the car and Richard Hicks, 4 years old, were saved from a similar fate by Louise Thompson, 17 years old, who extricated them from the wreckage. She had leaped to safety as the car plunged from the bridge.

LAUNCH STEAMER EDITOR

Seattle, Wash., Aug. 16.—The Steamer Editor, named by the United States shipping board in honor of the newspapermen and women of the United States and Canada was launched today in the presence of cheering scores of members of the National Editorial Association, gathered in Seattle from all parts of the country to attend the association's 1919 convention.

The Editor is a 9,600 ton freighter.

MISSION IGNORANT OF TREATY DETAILS

Paris, Aug. 16.—(By The Associated Press.)—The Persian mission in Paris, headed by Ali Gholi Khan, minister of foreign affairs, is ignorant of the details of the treaty recently signed between Great Britain and Persia all negotiations have taken place in Teheran. The only news received by the mission is a notice that an accord has been reached.

TINOCO IN JAMAICA

Kingston, Jamaica, Aug. 16.—(By The Associated Press.)—Federico Tinoco, who recently abandoned the presidency of Costa Rica and fled the country arrived today on board the Steamer Zaopna enroute to Europe. He said several attempts had been made to assassinate him and that his brother, Jose, minister of war, was shot the night before the president left and died later.

First Division Begins Leaving For America

COBLENZ, Thursday, Aug. 14.—By The Associated Press.—The American First Division, the first division to land in France and the captors of Cantigny, will begin leaving the Rhine for home tomorrow. The taking of Cantigny, in the Mondidier Sector, was made in the first attack by an American Division on the Western Front. It is expected that all the troops to leave will have arrived at Brest within a week.

The Coblenz bridgehead, which has been held by the first division since the departure of the second now will be taken care by French troops and the eighth infantry regiment of the American army which will remain on the Rhine probably for several years. The eighth infantry occupies the southern half of the bridgehead, which has been under American control since last Dec. 13, when the first American troops crossed the Rhine.

The American will retain control of Coblenz, the fortress of Ehrenbreitstein and of the castle of Moleberg, the outer-post of the bridgehead.

The first division, many members of which wear four service stripes is bound for Camp Taylor, Ky., where it is expected the division will arrive in about a month.

CALLS ON SENATE TO RATIFY TREATY

WASHINGTON, Aug. 16.—Former Attorney General Wickham in a statement issued thru the League to Enforce Peace today called upon the senate to ratify the peace treaty with the league of nations covenant and then prepare to perfect the document by amendment thru the assembly and council of the league, in the same manner as the framers of the constitution provided for its amendment by the states.

Critics of the constitution, he declared, opposed it because it did not contain a bill of rights protecting the liberties of the states and the peoples and the concentration of some states was secured by promises that steps would be taken for early amendments to remove the objections. The first congress, the former attorney general recalled redeemed those promises by submitting the first ten amendments, which have been characterized as a bill of rights.

PLAN MINIMUM INCOME FOR ALL

LONDON, Aug. 7.—Correspondence of The Associated Press.—The latest thing in the labor program of social reform is provision for a minimum income for every man, woman and child.

Under the scheme which is fathered by Arthur Henderson, secretary of the labor party and G. D. H. Cole, attached to the research department, twenty percent of all incomes would be nationalized at the source and paid in a pool which would be devoted solely to the provision of a permanent weekly income of \$2.25 a week to everybody.

In this way the sponsors of the plan say it is hoped not merely to free the country from the future payment of old age pensions, but of most if not all of the national and private agencies for the distribution of relief.

NEARLY LYNCH NEGRO IN NEW YORK CITY

NEW YORK, Aug. 16.—Eli Greaves, a negro, narrowly escaped being lynched by a Broadway crowd in Times Square tonight following an alleged attack by him upon Joseph Jones, white, who was on his way to a theatre with a woman.

Jones, after an altercation with a negro, was slashed about the face and neck and fell bleeding to the street.

A crowd of about 2,000 gathered and advanced on Greaves with cries of "hang him."

A policeman held the mob off with a revolver until a patrol wagon arrived to take the negro to a police station where he was booked on a charge of felonious assault.

WANT PERSHING TO OFFICIATE

New York, Aug. 16.—General Pershing, who was master of ceremonies at the inter-allied athletic games in Pershing Stadium, France has been invited to act in the same capacity at the Olympic meet for soldiers, sailors and marines at Camp Dix, N. J., under the auspices of the Knights of Columbus. It was announced tonight President Wilson will be asked to attend.

DENY CHARGE

Chicago, Aug. 16.—Representatives of Wilson and company and Morris and company denied today the charge made yesterday by Gov. Cox of Ohio that they owned a large part of 2,000,000 pounds of meat held in Cleveland cold storage houses in violation of the state laws.

Remove Troops From Peoria; Strike Still On

BULLETIN.

PEORIA, Ill., Aug. 16.—The final answer of officials of the Keystone Steel & Wire Company on the demands of the striking employees will be delivered to the men at 10 o'clock tomorrow morning following a conference of the directors of the company at 7 o'clock.

The directors will vote on the question of recognizing the union of the Keystone employees. Settlement of the strike hinges on recognition.

PEORIA, Ill., Aug. 16.—State troops were removed from Peoria this afternoon, altho three conferences between officials and employees of the Keystone Steel Wire company held today failed to bring peace in the strike which resulted in the shooting of five persons Wednesday and the calling of the tenth regiment Illinois national guard to Peoria Thursday.

The evening conference adjourned at 10 o'clock tonight until 11 o'clock Tuesday morning, when negotiations will be resumed.

Adjutant General Dickson late this afternoon ordered all troops here demobilized and the companies of the tenth regiment, under command of Colonel Yeager, of Danville, were leaving the city tonight. The four local companies of the Illinois reserve militia were also demobilized.

TO OPEN ORDNANCE DEPOT AT FT. BLISS

EL PASO, Texas, Aug. 16.—It is known today that the largest ordnance depot in the United States is to be established at Fort Bliss soon. For the last two weeks large quantities of ordnance supplies have arrived. Today's addition to the war stores included sixteen heavy tanks. Complete equipment of British type 1917 model British 75 millimeter gun for two regiments will be part of the ordnance.

Army officers declined to discuss the report that the concentration of fighting equipment on the Rio Grande was due to the tenseness of the Mexican situation.

Ship Tanks to Border.

Columbus, O., Aug. 16.—Eighteen men armed tanks of the Whipple type have been shipped from the army reserve depot at East Columbus to army posts near the Mexican border during the last two days, officers in charge of the depot admitted today.

Half of the shipment went to El Paso and the other half to San Antonio.

STEEL WORKERS THREATEN STRIKE

CHICAGO, Aug. 16.—At a conference of representatives of the Allied Steel and Iron Workers of the Chicago district it was announced that 95 percent of the men had voted to strike unless their demands for increased wages and changed working conditions were granted.

The district includes Gary and the whole Calumet region which covers most of the northern Indiana manufacturing field, Chicago and environs, Joliet, Ill., and southern Wisconsin. There are 90,000 workers in the district, according to a union official.

South Chicago steel workers voted Thursday and those at Gary voted today.

The result of the vote will be officially communicated to the national committee when it meets at Youngstown, Ohio, Aug. 20. J. H. DeYoung, assistant secretary of the Chicago federation said.

"TO ABOLISH BREAD CARD"

Berne, Switzerland, Friday, Aug. 15.—Owing to the improved supply of foodstuffs the bread card will be abolished in Switzerland on Sept. 1. The card for the distribution of fats disappeared two months ago, but cheese and milk are still being sold under that system.

PLAN NEW PARTY

Chicago, Aug. 16.—Representatives of a committee of forty eight from Illinois, Indiana and Wisconsin, with Robert Morse Lovett, editor of the Dial, as chairman, discussed plans tonight for organization of a new political party. No definite action was taken except to name state committees which will confer tomorrow.

WEATHER FOR WEEK.

Washington, Aug. 16.—Weather predictions for the week beginning Monday, August 18 are: Region of Great Lakes, Upper Mississippi and Lower Missouri Valley—Normal temperature and generally fair.

AGED PACKER DIES.

Milwaukee, Aug. 16.—Frederick Layton, 92, the oldest meat packer in the country died today after a week's illness.

WARN AGAINST PROFITEERING AND STRIKES

Think Daylight Repeal Veto May Decrease Production

WASHINGTON, Aug. 16.—Representatives of farmers organizations testifying before the house and senate agriculture committees today warned that unless "daylight" and strikes were set aside the country would face a worse situation from the high cost of living next year than now.

Cannot Anticipate Market.

Farmers, they said, were preparing for next year's crops and under present conditions they could not estimate what the probable market would be. Fear was expressed that there would be decreased production both on this account and on account of President Wilson's statement in his message vetoing the repeal of the daylight saving law, placing industrial production ahead of farm output. The house and senate committees are considering amendments to the food control act designed to enable the department of justice to wage a more active campaign to prevent hoarding and profiteering. The committees hope to act finally on the amendments next week and rush the legislation thru congress. Seizure of foodstuffs held in cold storage was continued today by federal agents in several cities.

Further seizures under the warrants next week and special grand juries were summoned in several states to hear evidence in cases of alleged hoarding and profiteering.

Goods Taken Over.

Goods taken over today by the government included 16,500,000 eggs at St. Louis; 7,500,000 eggs and 300,000 pounds of butter at St. Louis; and large quantities of food at San Diego, Calif.

Announcement was made by the postoffice department that the postage rate on surplus army food, sale of which thru the parcel post system will begin Monday would be the same to persons living beyond the first zone from the supply centers as those living in the first zone. This will equalize the postage to all purchasers and the difference will be made up by the war department deducting the extra postage from the sale price and turning it over to the postoffice department.

Surplus army food sold to municipalities now totals \$5,000,000, but huge stocks still are on hand and will be sold thru postmasters.

To Relieve Sugar Shortage

New York, Aug. 16.—The sugar shortage soon will be relieved, according to the United States Sugar Equalization board which announced today that it had more than 100 ships engaged in bringing sugar from Cuba.

Solves Wheat Flour.

Boston, Aug. 16.—United States Deputy Marshal Bancroft today seized 16,588 bags of wheat flour from the storehouse of the Market Warehouse Company in Boston. The flour amounts to about 6,000 barrels, or one fifth the total supply in Boston on August 1, and is valued at \$75,000.

The libel was not against the owner, but against the flour itself. There were three counts which declared that the flour was hoarded within the meaning of the Lever act for the purpose of unreasonably increasing the price.

STEAMER CANOPIC DOCKS

Boston, Aug. 16.—The Steamship Canopic arrived today from Italy, bringing Red Cross and Y. M. C. A. workers. Included in the list was Miss B. C. Austin of Chicago, Red Cross nurse with the French army who was decorated by the French government for bravery under shell and machine gun fire.

Among others was a quartet of soloists from St. John's choir of the Vatican said to be the first singers from the Pope's private chapel ever to visit this country.

CHARGE CONSPIRACY

Philadelphia, Aug. 16.—A warrant was sworn out by the district attorney's office today for the arrest of Charles A. Ambler, former insurance commissioner of Pennsylvania, charging him with conspiracy and malfeasance in office in connection with the failure of the North Penn bank which closed its doors July 18 with an apparent shortage of \$2,144,000.

PERSHING GOES TO ITALY.

Paris, Aug. 16.—General Pershing, who left tonight for Italy will arrive at Rome Monday where he is to attend a review of troops by King Emmanuel. Later he will present the distinguished service cross to a number of Italian officers.

Call Strike On New York City Electric Lines

BULLETIN.

NEW YORK, Aug. 17.—Supreme Court Justice Richard L. Dyon granted a temporary injunction early this (Sunday) morning restraining officials of the Brotherhood of Interborough Rapid Transit Company employees from interfering with operation of the Interborough lines.

NEW YORK, Aug. 16.—A strike which union leaders declared would completely tie up the vast subway and elevated system of the interborough transit company in Manhattan, the Bronx and parts of Brooklyn and Queens at 4 a. m. tomorrow, was called tonight by P. J. Conolly, acting president of the Brotherhood of Interborough Rapid Transit company employees. Corporation Counsel Burr and attorneys of the Interborough tonight were trying to secure a supreme court justice who would sign an order enjoining union officials from making the strike order effective but even if such an order were obtained it was admitted there was little hope of blocking the walkout.

Mayor Hylan has ordered Police Commissioner Enright to furnish the company with full protection in its efforts to run trains and Corporation Counsel Burr in a statement declared that trains would be run "if it takes the entire police force of New York and the military and naval forces of the state to do so."

The mayor, apparently regarding the strike as inevitable, announced he had obtained a large number of auto trucks and sightseeing buses to handle traffic.

RESUME SALE OF ARMY FOOD MONDAY

CHICAGO, Aug. 16.—Resumption of sales of surplus army foodstuffs will begin Monday, according to Lieutenant Colonel James P. Castleman in Chicago of the distribution of foods, who said the stocks would be given to several large stores early Monday. Every facility, it was said, would be given the public to purchase the army foodstuff as soon as possible after the warehouses were opened.

Prices of commodities in Chicago fluctuated today. Some foods were higher and some lower than yesterday, according to a canvass of the market. Potatoes were up twenty-five cents on the hundred pounds while cabbages were down that amount in price. Onions sold slightly higher, green corn was ten cents lower; tomatoes twenty-five cents higher per twenty-five pounds, beans and carrots two cents lower per bunch, peaches twenty-five cents higher and no change in oranges and lemons.

POLISH SOCIALISTS THANK AMERICANS

WARSAW, Thursday, Aug. 14.—By the A. P.—Men and women representing the socialist party in Poland, accompanied by the minister of labor, called upon Herbert Hoover, chairman of the allied relief organization today and presented a memorial.

"Please present to the American people," the memorial said, "our feeling of gratitude. But for America we could not have been able to pull thru the last six months."

"We pledge ourselves to devote our strength to the orderly rebuilding of a stable government."

TRAIN HITS AUTO, WHOLE FAMILY DEAD

Cleveland, O., Aug. 16.—Seven members of the John Traifer family of Cleveland, father, mother, four sons and a daughter and a woman relative of the Traifers were killed this evening when a New York Central passenger train struck their automobile at a grade crossing near West Philadelphia, Pa.

GOLD STOCKS DECLINE

Washington, Aug. 16.—Gold stocks in the hands of the federal reserve banks continued to decline during the past week. The total as shown in the statement of conditions at the close of business on August 15, follows was approximately \$2,000,000 below that of a week ago.

THINK FINANCIAL POOL INEVITABLE

Berlin, Friday, Aug. 15.—Financial leaders here express the opinion that the formation of a world financial pool calculated to stabilize the international situation is inevitable if central Europe as well as the entire countries is to escape the after-the-war economic cataclysm.

ED. MCKEAN DIES.

Cleveland, O., Aug. 16.—Ed. McKean, 62, famous shortstop of the Cleveland baseball club in the early '90s died tonight.

CARRANZA SENDS BRITISH ENVOY OUT OF MEXICO

Practical Deportation Appears to Complicate Situation

WASHINGTON, Aug. 16.—More friction between Great Britain and Mexico appeared today to complicate the Mexican situation. Britain's last remaining diplomatic representative in the Mexican capital, William Cummings, in charge of the archives of the legation there—has been ordered from the country by Carranza. The action amounts to the British representatives' practical deportation.

Great Britain never having recognized the Carranza regime, has had no minister in Mexico City since Sir Lionel Carden.

In a strict sense Cummings has no diplomatic standing altho he has delivered communications from the British government protesting against mistreatment of British subjects and interests.

England now probably will rely on France or the United States to represent her.

At the same time, dispatches telling of Carranza's decision to inform the Mexican congress at its opening September 1st, fully as to the state of the relations with the governments of the United States and England, attracted considerable attention here.

Report Seven Bandits Killed.

Mexico City, Aug. 16.—Seven of the Mexican bandits who on July 6 assaulted a party of American sailors from the U. S. S. (Chivave) when they went up the Tamez river, have been killed, according to news dispatches received from Tampico Friday.

TO HOLD HEARINGS ON POSTAL SALARIES

WASHINGTON, Aug. 16.—Hearings on salaries of postal employees will be held in a number of cities in September and October by the joint congressional commission on postal salaries. The commission will sit first at New York from Sept. 8 to 10 to hear employees from New York and New Jersey. The dates of other hearings follow:

Chicago, Sept. 16 to 18, Illinois, Michigan and Iowa; St. Paul, Sept. 19 and 20, Minnesota, North Dakota, South Dakota and States west to Pacific Coast; Kansas City, Oct. 3 and 4, Missouri, Nebraska, Kansas, Oklahoma, Texas, Colorado and States west and southwest to Pacific Coast.

FARMERS SAY GRAIN YIELD DISAPPOINTING

CHAMPAIGN, Ill., Aug. 16.—With threshing practically completed thruout central Illinois, farmers declare that the yield of light grain has been disappointing. In Champaign county oats averaged 25 bushels an acre; winter wheat 20 bushels and spring wheat 10 bushels. This is the smallest crop of oats to be harvested here for years.

The corn prospect has been brightened by the recent rains and a crop better than the average is looked for.

MANY WAR CONTRACTS STILL OUTSTANDING

WASHINGTON, Aug. 16.—Records made public today show war contracts still awaiting liquidations amount to more than two billions of dollars, altho eighty per cent of the emergency commitments of the governments have been settled. It is estimated that payments of \$326,000,000 will be required to settle the remainder.

PEABODY A CANDIDATE

Chicago, Aug. 16.—The candidacy of Francis S. Peabody of Hinsdale, for U. S. senator from Illinois, was announced by the DuPage county Democratic committee today. Mr. Peabody is a former assistant treasury of the Democratic national committee.

The Young Men's National Lowden club has been organized in Chicago and regular weekly meetings are to be held. The purpose of the organization is quite well indicated in the name, and takes recognition of the fact

that Gov. Lowden is today a national character, and that his name is heard frequently in connection with the nomination for the presidency by his party.

STILL HOPE FOR DAYLIGHT SAVINGS BILL

The daylight savings bill has failed again, at least temporarily, thru President Wilson's veto. An effort is being made in congress to get together enough votes to pass the measure over the veto. The effort will be made on non-party lines, the senators and congressmen who have rural constituents for the most part being aligned against those whose constituents live only in the cities.

President Wilson's argument, which doesn't seem well founded, is that a change in time now might serve to further reduce production and thus contribute to higher prices.

They have all sorts of insurance policies these days, and judging from times and conditions, one of the most popular should be a "riot and civil commotion policy." The railway company of Cleveland, Ohio, took out such a policy recently for a

very large sum. This company evidently purposes to profit by the experience of other utility companies in other large cities. Should industrial troubles come and their property be injured thru riot, the company officials need not worry. Possibly this form of policy will prove a very effective defensive weapon against strikes and will enable employing companies to more readily bring about arbitration in labor difficulties.

At any rate, it is an interesting fact that insurance today is being developed along so many lines. And speaking of strikes reminds one that the loss is the inevitable part of a strike and the loss in both time and money is always borne by the "ultimate consumer."

MR. ARMOUR'S SHOES

J. Ogden Armour has issued an open letter to the builders council of Chicago thanking them in sarcastic vein for the gift of a pair of shoes. The packer evidently does not appreciate the irony which prompted the building men in making the gift. The packer seems to think that if anybody should be charged with holding up the public that the builders are guilty, and the builders suggest that Mr. Armour and his associates afford the basic causes of present living costs.

Meanwhile the public feels that the guilt is not confined to any one field of "big business."

GOOD ROADS AND FREIGHT TROUBLES

The slow movement of freight since the railroad shopmen's walkout began two or three weeks ago has given new point to the value of good roads in relationship of roads to the movement of freight by trucks. In the east and in the vicinity of some of the larger cities where hard road systems have been pretty well perfected the freight movement by truck has had a large development. In many instances this system has advantages over the railroad plan because of the more rapid movement and the adaptability of equipment.

There is the advantage, too, that the auto truck system will never have the same relationship to the public interest that railroads do, since the railroads exist so largely by public grant, and because of their organization and function, in the minds of some people enjoy rights which should never become a matter of private ownership.

VOTE ON SCHOOL QUESTIONS

The official notice of the special board election which will be held Tuesday appears elsewhere in this paper. There are two propositions to come before the people, and there should be a vote of sufficient size to indicate what the people really wish. If you believe that the board should proceed with the erection of a building as soon as possible, say so by your vote. If you believe that the building should be erected and that the board should issue bonds to the extent of \$220,000 to be used in connection with other funds in the construction of this building, indicate this fact by your vote. If you are of the opposite opinion on these two questions, it is your right and duty to so inform the board by your marked ballot at the election Tuesday.

Let there be a full expression of the wishes of the people at this election, called for next Tuesday by the school board with the very purpose in mind of learning what the wishes of the people are on these two important subjects.

More and more people are now emphasizing the thought that the most certain relief in present living costs is to be found in the matter of production. If the production of foodstuffs is increased and if the production of manufacturing plants show growth, the time will inevitably come when the very fact of production will bring about the lower costs. This principle is recognized in the effort now being made to release from storage the huge quantities of foodstuffs. There is the general understanding that if the great food of supplies can be turned upon the market and made available for the buying public that the condition of oversupply will be certain to result in a slump in prices.

The government still earlier took recognition of this fact when it was determined to hold in reserve the supplies of foodstuffs and manufactured articles

because of the fear that if all these immense supplies are turned into the channels of trade at once, that a market slump would inevitably come, which might prove disastrous to the country at large.

A MORGAN COUNTY MEMORIAL SUGGESTION.

One of the most popular community memorial plans for fallen heroes of the late war is in the planting of trees. In a number of cities with appropriate ceremonies, trees have been thus planted, with the intention that they shall be perpetuated throughout the years to come as a living memorial to soldiers who gave their lives in the war for liberty.

It has been suggested by a Jacksonville woman that such memorial trees for Morgan county heroes could well be placed in the grounds of the new reservoir. While the plan has not yet been worked out it is quite certain that the grounds will be used for park purposes and the planting of some trees will be necessary.

The person already quoted believes that a tree should be planted in honor of each soldier whose name is on the honor roll of Morgan county and that a suitable tablet should mark each tree. If the proper varieties are chosen these trees will live well into the next century and if any die they can be replaced. By this plan it will be possible to erect a memorial for each soldier on the honor list, and it would be the sacred duty of coming generations to perpetuate the memory of these men by nourishing and guarding these trees as time may suggest.

A memorial of living trees has about it dignity, solemnity and beauty to appeal to all. As the trees grow and spread their boughs and afford the protection of shade to those who gather beneath them, certainly they would well symbolize the action of the soldiers, who willingly sacrificed life in their efforts, with others, to bring protection to mankind from the cruel tyranny of the war lords.

OWNING A HOME

I own my home, and life's a poem, from outside to the center; I'm full, inside, of honest pride; I'm sorry for the renter. I own my shack both front and back, the kitchen and the porch; and here I sit and feel I'm it, and smoke my five-cent torches. The tree and vine are strictly mine, the concrete walks and hedges, the elms and yews, old cans and shoes, the ax and saw and wedges. The house is old, the rooms are cold, the roof is often leaking, and in the night, when men sleep tight, I hear the front gate creaking. But it is mine, this shack of pine, and there's no mortgage on it; and here I sit and do my bit at writing ode and sonnet. My house is cheap; no footmen keep their vigils in its hallways; no butler combs his auburn gaiters. My house is punk, the doors are shrunk, the windows shake and rattle; and on the stairs and under chairs the cats and rats give battle. It isn't fine, but it is mine; with smiles I bid you enter; I am the king while here, by jing; I'm sorry for the renter.

PUSH REPAIR WORK ON ELEVATOR

The Blackburn Grain Co. was fortunate in securing five cars yesterday for the loading of grain, and the railroad administration, thru the Chicago & Alton railroad, has promised other cars for Monday morning.

Mr. Blackburn said last night that unless something unforeseen happens the damage done when a bin in the elevator burst Friday night, will be repaired by Tuesday and the elevator in condition to receive grain. Altogether Mr. Blackburn feels very fortunate that no large loss resulted from the happening.

MORGAN COUNTY FARM TOPICS

An editorial in the St. Louis Globe Democrat suggests by inference what a powerful factor farmers would be in determining living costs and settling industrial differences. The farmer is undoubtedly dealing in those products necessary to the subsistence of other members of society. The farmer has in his control those basic things which would with organization give almost limitless power.

No wonder that some leaders in agricultural thought have all along been hammering away on the necessity for definite organization among farmers, if they are to have proper voice in the settlement of great questions in which they are directly concerned, and if they are to exert the influence which properly comes to them by virtue of the business in which they are engaged.

The paragraphs of the Globe Democrat editorial follow:

"We had heard from spokesmen of labor unions, from captains of industry, from bankers, from statesmen of high and low degree and from almost everyman of high and low degree and from almost everybody else interested in the high cost of living, but no word has come from the representatives of organizations of farmers until Thursday, when a statement was issued by the presidents of the Ohio Farm Bureau Federation, the Nebraska Farm Bureau Association, the Indiana Federation of Farmers' Associations, the Iowa Farm Bureau Federation and the secretary of the Illinois Agricultural Association. These are conservative organizations, not related to the social-political-economic revolutionary movement which has control of North Dakota and has gained much influence in other states."

"The statement declares that the farmers now planning for 1920 are ready to go the limit in the matter of production, but that the troubles between capital and labor must cease and that all sorts of profiteering must stop. Speaking in plain language, the statement says: 'If capitalistic monopoly wants enough food produced that it may be fed, if organized labor wants food produced that it may be fed, if the do-nothing dawdlers want enough food produced so that they may occasionally eat, let them stand forth now at this time, when the farmer must determine his 1920 food production program and declare by deeds—cutting out profiteering in goods and wages, going honestly to the business of preparing and purveying the necessities of life, going honestly to the job of a full day's work for a full day's pay—their willingness to co-operate. Failure of these forces to do this now will be a boomerang, that ere the next cycle of the seasons will effect a condition of living now undreamed of.'"

"Without dwelling on the threat or the ability to carry it out, we can approve the farmers' solution of our problem. There must be greater production and cheaper distribution, and no kind of wages or scheme or regulation can meet the situation unless there is to be greater production and cheaper distribution. There is no statute or juggling of words that can be a substitute. On the farm and elsewhere we must produce more and the profits must not be unduly accumulated while getting the products to consumers, here and abroad."

COLORED MAN TAKES EXCEPTION TO ARTICLE

Believes Negro Fighters Have Qualities of Leadership On Battle Fronts

A local colored man, an overseas veteran himself, takes exception to an article written recently by John Richards in the Atlantic Monthly stating that negro soldiers must be led in battle, that they lack will and initiative.

We have many examples of negro military men with which to combat such a statement. Colonel Duncan of Springfield, and many other colored officers who led troops during the great world war are living examples refuting the claim made by Mr. Richards.

The writer had some experience and acquaintanceship with a number of colored officers in machine gun units. They were invariably heady, cool, resourceful men, always to be counted on at the critical moment to do the right thing.

The colored men in the ranks that will live on with the ages. Their deeds of heroism on the other side will go down in history. Members of what was formerly known as the "Old Eighth" came home with medals in recognition of their individual acts of undaunted courage and bravery.

The least that one can say for Mr. Richards' statement is that it is a profound untruth.

A CLOTHING MERCHANT'S TROUBLES

A prominent clothing merchant yesterday was telling a Journal reporter some of the troubles to which the trade is subjected.

Silk goods are practically out of market. Orders sent in months ago are not filled because it is simply impossible to do so. Silk is worn so much more than formerly that it is out of the question to meet the demand. Ten dollar shirts are so common now as two dollar articles were some years ago. Ladies so largely wear real silk hose and will have no other. Many sales are lost daily on this class of goods.

Two houses who sold large bills months ago are announcing the impossibility of filling orders completely but will try to send say sixty per cent of the goods bought. Another house says it will have to have a ten per cent increase in the price and still another house writes that on each pair of large order of pants, there will have to be an additional charge of 25 cents which will not begin to cover the additional cost of making them since the order was taken.

THINK MRS. CLUGSTON

VICTIM OF PARCOTIC
MACOMB, Ill., Aug. 16.—Of-
ficers investigating the mysterious
death of Lawrence Clugston, a
farmer, for whose alleged murder
by poisoning Mrs. Alice Clugston,
the widow, and Dr. C. W. Alverson
are held without bail today as-

serted the belief that Mrs. Clug-
ston is a victim of some narcotic.
Relatives and friends also stated
that was their belief. They said
that she was in a dazed condition for
some time before the death of her
husband.

Two witnesses at the coroner's
inquest testified that when Clug-
ston died and for several days fol-

lowing, Mrs. Clugston was dazed.
Her condition when she testified
at the inquest was commented on
by members of the coroner's jury.
During the first four days of her
incarceration in the county jail,
Mrs. Clugston suffered from nerv-
ousness. It was said she dis-
played symptoms of a user of nar-
cotics whose supplies had been
cut off. Her condition became so
acute that the county physician,
Dr. Wayland, was called to pre-
scribe for her.

HERO GIVEN BARREN LAND

Government Sends Soldier to Top
of Mountain.

From the New York Times.
"Give the returning soldier
land," has been the slogan of
many an ambitious legislator.
The slogan, too, has been carried
out to some extent by the federal
government. Many soldiers have
taken land grants offered in the
west, and varied and curious have
been their experiences.

One returned soldier, who had
been severely wounded in action,
was given land by the government
in the state of Washington. With
his \$60 bonus and back pay, and
a little that he had saved, he went
to the west from Camp Meade,
where he was demobilized. He
found that the land that had been
assigned to him was on top of a
barren mountain, and doubted
very much if a goat could have
scaled to the heights where he
was supposed to begin cultiva-
tion.

This soldier was Sergt. Hugh J.
Follette, who served overseas with
the 301st Battalion, 305th Bri-
gade, Tank Corps, and was wound-
ed in the assault on the Hinden-
burg line, when the tanks went
out ahead of the 27th and 30th
divisions. A shell struck the
front of the tank Follette was
driving and he was wounded by
splinters. After weeks in a hospi-
tal in England he finally went
back to his company and later re-
turned to the United States, where
he was discharged.

In a letter to a friend in this
city, Follette tells of some of the
experiences that he had in taking
up the government's offer for land:

"I was given a grant of a plot
of land in Washington," wrote
Follette. "I went out there ex-
pecting to find a fairly wild spot,
but one where I might make a liv-
ing. After hiking through the
woods for miles I found that the
place assigned to me was on the
top of a mountain and a goat
couldn't have reached it. I did an
about face and beat it for the
coast with what little money I
had left. On the way I bumped
into two other ex-soldiers who had
been 'stung' as I had, and we
threw in together, and are now
fishing at Doe Bay, Washington."

It takes a great deal to dampen
the ardor of a soldier, for the
fishing, according to Follette,
consists of getting up every morn-
ing at 5 o'clock and rowing ten
to fifteen miles a day after salmon
which nets him about fifteen
cents a pound. He also found
time to plant a sizable garden.
He adds:

"I have plenty of ambition in
the morning but by the time night
comes I am ready for bed. Seven
o'clock by the sky, for that is my
timepiece and my roof, finds me
tucked away for a night's rest.
I never felt better in my life and
I am glad now that Uncle Sam
tried to tuck me away on the top
of a mountain which I couldn't
climb."

A Little Talk About Fabric

WHY DOES tailored-to-measure clothing, men's or
women's, wear better, retain its shape longer,
give its wearer a dressier appearance, and afford
more universal satisfaction?

THE ANSWER is simple—it's all in the fabric. That
is, so much of a garment's true worth is in the
fabric that no amount of high grade tailoring
would make a success of poor fabric.

IN FACT, no tailor who expects to remain in business
can afford to make up cheap fabrics, and the
true tailor who loves his art will not work on
such materials.

NOW, more than ever, will it pay to purchase tail-
ored-to-order clothing — it is true economy be-
cause such garments stand any sort of wear and
retain their newness, and if soiled can be cleaned
without damage or loss of appearance.

WE HAVE in our fall stock of choice all wool fab-
rics for suits for both men and women. Our Mr.
Green, in charge of the Ladies' Department, and
Mr. Renner, in charge of the Men's Department,
will be glad to show you the new patterns and to
discuss the question with you.

ILLINOIS FEDERATION IN ANNUAL SESSION

Twentieth Session of the Illinois Federation of Colored Women's Clubs to Be Held Here This Week—Four Days Program Will Have Much of Interest.

Colored club women of the city have completed plans for the twentieth annual session of the Illinois Federation of Colored Women's Clubs which will be held in Mt. Emory Baptist

church August 19 to 22, both inclusive. The Ladies' West Side Art club is a member of the Illinois Federation and its members have charge of the arrangements. The all colored women throughout the city will unite in the entertainment of the visitors who will come from every section of the state.

Mrs. C. H. Freeman is chairman of the program committee and has plans practically completed for the four days session. Reports will be made at this meeting by delegates from different parts of the state. These reports will show the progress of and accomplishments of the colored race in the world's work.

The delegates will begin to arrive in the city today and by Tuesday more than one hundred delegates and many visitors will be in attendance. The first session will be held Tuesday afternoon. It will be at night that the delegates will be formally welcomed to the city by Mayor Crabtree.

While the program for Friday shows only sessions of the executive committee, the session will not close until Friday night. Then a big farewell meeting will be held with a program of music and addresses. The chairman of the committees in charge of the affair, all members of the Ladies' West Side Art club, are:

BIRTHDAY PARTY FOR LITERBERRY CHILD

Little Miss Beulah Richardson Celebrates Birthday Saturday—Miss Thelma Litter to Have Two Weeks' Vacation—Other News Notes.

Literberry, Aug. 16.—Saturday was the birthday of little Miss Beulah Richardson, daughter of Mr. and Mrs. George Richardson of Literberry, and the occasion was celebrated in a fitting way. A number of the friends of the little girl were invited in for an evening party and a number of hours were spent in a very delightful way. Refreshments dear to the childish heart were an important part of the program.

Mr. and Mrs. John Young and daughter Helen went to Jacksonville Saturday evening to spend Sunday at the home of Mr. Young's sister, Mrs. Dock Litter.

Miss Thelma Litter, operator at the Bell Telephone Co. switchboard here, will have a vacation for the next two weeks. A part of the time will be spent with friends in Mt. Sterling.

Miss Lulu Henderson, also a Bell telephone operator, will return from her vacation of two weeks today.

This week will be the last of our LARGE SIZE TIRES SALE. Have you got yours? W. S. EHNIE & BRO.

WAVERLY IN GRIP OF TELEPHONE STRIKE

Operators of Waverly Telephone Company Walk Out at Noon Saturday—City Without Service and Cut Off from Outside World—Citizens Drove to Franklin to Use Long Distance Phone.

Waverly, the largest city in county outside of Jacksonville, was cut off from outside communication after noon Saturday by a walkout of the operators of the Waverly Telephone company.

The Waverly exchange has a large clientele and also operates the exchange at Franklin and at several other points in the southwest part of Morgan county and also in Macoupin and Sangamon counties. The Waverly office has a force of seven operators who work in three shifts and at busy periods during the day three operators are on the board.

It was impossible to get in communication with H. I. DeTurk, manager of the Waverly exchange, Saturday evening because of the walkout. It is understood, however, that the walkout was because of the refusal of a demand for an increase in wages.

Saturday afternoon and evening many residents of Waverly drove to Franklin for the purpose of using the long distance phone. Unless some truce is declared the Waverly exchange is likely to be out for some days as all other companies while the employees are not on strike, have great difficulty in securing competent help and are not likely to have any employees to loan the Waverly company.

DEATHS

Konrad.

Fred Konrad, son of Mrs. Kate Konrad of this city, died at Denver, Colorado Saturday morning. Mr. Konrad was 35 years of age. He is survived by his mother, four brothers, Edward, Dave, and Charles of Jacksonville, Dennis and Peter of Springfield, and one sister, Mrs. James Tulley of East St. Louis, Illinois.

The remains will be brought here for burial and will be taken to the residence of his mother, Mrs. Kate Konrad at 622 North Main street. Funeral arrangements will be made later.

Taylor.

Charles Edgar Taylor residing six miles southeast of the city, died at Our Savior's hospital at 11:40 o'clock Saturday morning.

Deceased was the son of B. H. and Sarah Delaney Taylor and was born in this county November 23, 1858 and practically all of his life had been spent in the county.

He was united in marriage to Miss Emma Unglaub of Woodson, July 15, 1886. Besides his widow he is survived by one daughter, Mrs. George Megginson, his mother and one half sister, Mrs. J. R. Hembrough.

Mr. Taylor was a member of the Woodson Christian church. He followed the occupation of farming and was accounted successful in that calling and was a man highly respected in his home community.

The remains were removed to Gillham's undertaking parlors and prepared for burial. Funeral services will be held from Asbury church at 3 o'clock Monday afternoon. Burial will be in Asbury cemetery.

Lockhart.

John Lockhart died at the home of his son, George W. Lockhart northwest of Alexander at 4:15 o'clock Saturday afternoon.

Deceased was born in Ireland in 1844 and came to this country when quite young. Most of his life had been spent in the vicinity of Literberry and Virginia.

He is survived by his widow and the following children: George of Alexander, John of Sinclair, Peter of Virginia, Leo and David of Alexander, Mrs. Kate Coleman of Murrayville, Mrs. Ellen Magner of Jacksonville, Miss B. C. Lockhart of Alexander.

Mr. Lockhart was a member of the Catholic church and was faithful in his worship. He followed the occupation of farming thru many years and was a man highly regarded by all who knew him.

Funeral services will be held from St. Augustine church in Ashland at 10 o'clock Monday morning with burial in St. Augustine cemetery.

Massey.

Mrs. Janet Massey, a life long resident of this county, passed away at 1:30 o'clock Saturday morning, Aug. 16, 1919, at Our Savior's hospital.

Mrs. Massey was born September 19, 1842, the daughter of Jacob and Isabel Tindall, who came to Illinois from Pennsylvania in the early days. She was united in marriage December 18, 1861 to William S. Massey, who preceded her in death fifteen years ago. They were the parents of nine children, eight of whom are living. One daughter, Maggie B., died in 1893.

The surviving children are A. L. Enos F. Horace C. Terah T. Thomas O., and Frank D. Massey, all of this city and county; Mrs. R. L. Harney, south of this city and Mrs. William Davis of White Hall. One brother, Jacob Tindall, resides in Spencer, Ia.

Mrs. Massey is also survived by a number of grandchildren and two great grandchildren.

The deceased was loved and honored by a large circle of relatives and friends, who will miss her cheerful and kindly disposition. She was by nature happy and friendly seemed to enjoy life most when she could do some one a favor. She was most happy in

her home, to which she was devoted.

Early in life Mrs. Massey became a member of the Christian church and for many years she attended services at the Antioch church east of Jacksonville.

The remains were taken to the Reynolds Mortuary and later were taken to the residence, 721 Pearl street. Funeral services will be held at the home Monday afternoon at 2:30 o'clock and interment will be made in Diamond Grove cemetery.

CLUBS AND SOCIETIES

The meeting of the Home Missionary society of Grace church will be held at the home of Mrs. E. L. Fletcher, 620 West College avenue at 3 o'clock, Tuesday afternoon, August 19th.

DISCUSSES HIGH SCHOOL BUILDING QUESTION

Editor Journal:

Some time ago the board of education took steps toward the rebuilding of our high school which unfortunately burned in the spring of 1918. At the time of making this move the board had or was authorized to raise for the building fund approximately \$250,000, derived from insurance, bond issue and tax levy. This amount was considered ample to replace the building which burned, and which cost, completely equipped, less than \$100,000.

When the bids were opened on the plans of the proposed building, it was found that when completed with furnishings and apparatus that the cost would approximate, and perhaps exceed a half million dollars. The board wisely decided to reject all bids, because of the exorbitant cost and the lack of sufficient funds, and decided to get an expression from the people at an election called for the purpose of deciding whether the board shall proceed now with the building and pay the enormous price asked or await until conditions became normal, when the building can be erected at a more moderate cost. In calling this election to get an expression from the people, the board has given an opportunity to the people to vote an additional \$220,000 in bonds in order that sufficient funds might be on hand to commence building.

Should these two propositions be voted upon favorably the school board will feel authorized to proceed with the building at once. Should they carry there will be placed at the disposal of the school board approximately \$470,000 as follows:

Insurance \$100,000

First bond issue 100,000

Tax levy, already made 50,000

Second bond issue 220,000

Total \$470,000

The people should also understand that the school board is not limited to this \$470,000.

Should the contract price exceed these figures, the board would be authorized by the affirmation vote given to make additional tax levies year after year to pay for the building, whatever it might cost.

The Journal in its issue of August 15 stated editorially that the \$220,000 bond issue is to be "in lieu and in place of" the \$100,000 already authorized. I have read the call for election very carefully and I find nothing in the notice to justify such an assertion. The call is made unconditionally for the \$220,000 in bonds, and if it carries there is nothing to prevent the issuing of the \$100,000 in bonds also, authorized by a previous election, except the constitutional limitation of five percent upon the assessed valuation, if this interpretation can be made to apply to the old valuation based upon one third of the value of property. But the legislature has recently passed a law which provides that the valuation be based upon one-half instead of one-third the value of taxable property, thus increasing the valuation of property fifty per cent of what it was heretofore. Even should the Journal's statement be correct, it would mean that even should the \$100,000 be included in the later call for \$220,000, that this amount and more would be made up in tax levies from year to year, for the immediate construction of the building will in no way diminish its cost whether paid for in bonds or annual tax levies.

This is a time of hardship and uncertainty for all of us, and we are called upon daily to make sacrifices and practice self-denials not required during normal times. Our school district is co-extensive with the municipality, and the unfortunate financial condition of the city puts added burdens upon us all. I do not doubt but that the city will soon ask for a bond issue of several hundred thousand dollars in order to get on its feet again and to complete the water works plant which we so much need. Can we stand all these burdens?

Personally I wish to see a creditable building erected, and our own boys and girls given the best education that the district can afford. But I am not willing to vote for a building to be erected now, nor to vote for \$220,000 additional bonds. I believe the proper course is to await until conditions become normal when the building can be erected at a moderate cost.

I understand that the school population of Jacksonville district is substantially the same as of a quarter of a century ago. Even with the loss of our high school building there is more space and there are more rooms in our school buildings than twenty-five years ago.

Not only the David Prince building, which contains more space than the burned building, has been erected, but large and substantial additions have been made to the buildings in the First, Second, Third and Fourth wards of the district during that time.

I would urge that the voters of this district turn out en masse on next Tuesday and vote against both propositions. If they do not carry I offer this suggestion as a temporary remedy to be followed until the time comes when it is deemed wise to build: That the seventh and eighth grade pupils be taken from the David Prince building and sent to their respective ward schools, where there is ample room for them, that the David Prince building be used exclusively for high school purposes. This together with the Springer building should be ample room for high school work. If this does not make room, I would further suggest that the district stop receiving high school

pupils. I am informed that about one-fifth of our high school enrollment consists of tuition pupils for each of whom it is paid about one-half of what it costs per capita to educate our own boys and girls. We must look after our own school population first.

This plan will then enable the high school pupils to have the same hours as in the grades—nine to twelve—one-thirty to four.

These are times when we are all called upon daily to make personal sacrifice. Why cannot we in public affairs do likewise? A step is about to be taken which will show either wisdom in policy and management or foolish extravagance. Which will it be? The responsibility will fall just as much upon the citizens as the school board, but upon the citizens first, because their opportunity to vote precedes action by the board. Your policy as expressed at the polls will govern the policy of the school board. Don't forget date of election,

Tuesday, August 19th.

Editorial note—While the postponed election notices omit the phrase "in lieu and in place of" referring to the \$100,000 bond issue already authorized the phrase does appear in the ballots being prepared and in the resolution as adopted.

BLUFFS TEAM WILL BE INDEES' OPPONENTS

Scott County Organization Will Play Here This Afternoon—Team Will Have One or Two Scott County Men.

The Bluffs team will face the Indees at the south side park this afternoon in what promises to be one of the hardest fought games of the year.

While the team is known as the Bluffs team it has but one or two men from that town in the lineup. Several local players will appear on the Bluffs team and in addition will be "Potsy" Clark, former University of Illinois star. However, we are not afraid of "Potsy" setting the diamond on fire in a baseball game. If it was a football game we might be scared.

Manager Doyle also has three other Clarks. One pitches, one catches, and our own, Harry Clark, will evert in left field. Wilkerson, who played with the

Indees earlier in the season, will also be with Bluffs.

Hamm and Clark are slated as hurlers for the Bluffs team with the probability of Hamm drawing the assignment. It is probable that Padgett will work for the locals, the White might get on the job if he looks good. The lineup: Indees—McManus, 3b; Briggs, ss; Ruble, 2b; Christopher, c; Mahan, rf; Sims, 1b; Riggs, cf; Padgett, White, p.

Bluffs—E. Clark, c; H. Clark, Hamm, p; Battley, 1b; Denny, 2b; G. Clark, ss; DeFrates, 3b; H. Clark, Smith, lf; Brackett, cf; Wilkerson, rf.

DRIVE TO WOODSON this evening—a pleasant ride—and fill your gas tank, at regular prices, at Sorrell's garage.

RETURN FROM TRIP TO NEW YORK

Prof. and Mrs. C. W. Taylor returned yesterday from a six weeks' automobile trip which took them to western New York. They went by way of Indianapolis, Ind., Columbus and Cleveland, Ohio and Jamestown, N. Y. The return trip was made by practically the same route except for a slight deviation in Ohio. They combined business with pleasure and Mr. Taylor also spent a week with his brother at his summer home on Canandaigua Lake. They returned much refreshed from their outing.

Dr. T. O. Hardesty, returned from service, will be found at 336 West State St. Hours 10 to 12 and 2 to 5, daily.

Jacksonville Residents May Now Order Government Food Thru Local Post Office

The local postoffice has received a list of foods which have been allotted them for distribution in Jacksonville and vicinity. This allotment is that which is allowed all first class postoffices and when this allotment is gone, unless further notified, there will be no more. Order blanks will be supplied by the local postoffice and can be obtained at the main office tomorrow morning after 9 o'clock.

How to Order.

The taking of orders begins Monday, August 18, to continue until the allotment for Jacksonville is sold.

In order to secure the best results steps will be taken to see that these foodstuffs get into the hands of bona fide consumers.

All orders from consumers must be accompanied with the money, which must include the total amount of the order and

parcel post charges.

Order blanks will be distributed at the postoffice and by city and rural carriers. These blanks must be filled out in duplicate. Consumers must order in writing and itemize foodstuffs. Consumers must keep a copy of the order given to a carrier, upon which the carrier will receipt for the cash paid.

The orders received at the main office, whether received from consumers direct or from carriers, will be filled in the order received, as in case of shortage of any items ordered the first orders received will be given preference, and on any orders that cannot be filled the money paid will be refunded to the consumer promptly. The consumers who file orders at the postoffice will keep a copy which will be verified and signed by the postmaster.

The zone surplus property of

floor at Chicago will ship the materials to the postoffice by parcels post and upon arrival at the postoffice the postmaster will proceed to fill consumers' orders.

Any material which is damaged or spoiled will be replaced upon affidavit of consumer, countersigned by postmaster.

The parcels post weight limit of these foodstuffs is increased to 125 pounds, upon which postage at the parcels post rate now in effect will be computed. For example, the postage on 125 pounds from Chicago to Jacksonville at the third zone rate of 6c for the first pound and 2c for each additional pound up to 125 pounds, will be \$2.54. Should an individual order total more than 125 pounds sufficient postage will be collected to cover each unit of 125 pounds or fractional part of 125 pounds.

Dry beans, flour and rice can be ordered only in 100 pound lots.

It will be noted that the parcel post rate for the 3rd zone is 6 cents for the first pound and 2 cents for each pound up to 125 pounds. It is therefore more economical to buy in case lots, but if the goods are ordered in smaller quantities the weight of each single article should be used as a basis for calculating the amount of carrying charges.

It might also be suggested that if several families ordered together in case lots it would to a great extent relieve the work of the postoffice employees inasmuch as the cases would not have to be broken.

Order blanks will be supplied by the local postoffice and can be obtained at the main office Monday morning, the 18th after 9 o'clock.

Care should be exercised in the filling of the blanks and amounts carefully computed so there may be no delay in the filling of the order.

It is the desire of the local officials to handle this matter successfully, and the co-operation of the patrons will be very much appreciated.

ASHLAND COUPLE WED IN SPRINGFIELD

Miss Edith Carbaugh Becomes Bride of Eugene Caswell—Mr. and Mrs. Harold Wright Remove to Minneapolis—Other News Notes.

Ashland, Aug. 16.—Eugene Caswell and Miss Edith Carbaugh, both of Ashland, were married at six o'clock Tuesday evening, August 12, at the parsonage of Fifth Presbyterian church in Springfield, Rev. A. G. Bergen, officiating. The ring ceremony was used. Miss Pearl Caswell, sister of the groom, accompanied the couple to Springfield. After the ceremony they departed for a few days' wedding trip to St. Louis, and upon their return will make their home in this city where their many friends wish them a long and happy life.

Mr. and Mrs. Harold Wright left for Minneapolis, Minn., last Sunday, where they will reside in the future. Mr. Wright having been given the same position he held with the Cable Piano Co. before he entered the services of Uncle Sam.

J. D. Turner has sold his farm of 224 acres, situated two miles west of Ashland on the state road, to M. J. Murray of this city. The price being a little over \$324 an acre.

Mrs. George Bailey and daughter, Lorena, Mrs. Andrew Wyatt and children, and Mr. and Mrs. Sam Baumgartner motored to Table Grove Tuesday. They returned home Thursday accompanied by Mrs. Earl Oldnow and two children.

WAR HERO RETURNS HOME LAST NIGHT

Bluffs Fighter Wins Croix de Guerre and D. S. C. With Marines Overseas.

Roy Beird, son of Mr. and Mrs. E. D. Beird of Bluffs, returned to his home last night after long service with the marines overseas.

Beird was with the second division in France. He fought at Belleau Wood, Chateau Thierry, and in a number of other bloody encounters with the Hun in which the marines came out victorious with a great name for themselves as fighters individually and collectively.

For weeks and weeks his parents heard no word from him. He was so busy fighting at the front and his comrades kept so far ahead of the supply trains that he had no opportunity to send back any word even that he was still safe. The marines had little chance to relax for a long period of time during the last offensives in which the American forces were constantly driving the German hordes backward toward the Rhine.

So far as is known Roy Beird is the only fighter from this section of the state to win both the Croix de Guerre and the Distinguished Service Cross.

He received his discharge and returned home last night. His parents, Mr. and Mrs. Beird, motored to Springfield to meet him, returning to Bluffs in the car.

FLOYD WATT DISCHARGED
Floyd Watt, who for some months has been a patient at the U. S. Army General Hospital at Fort Sheridan, Ill., convalescing from a wound time during the last offensives in which the American forces were constantly driving the German hordes backward toward the Rhine.

Hopper-Flanagan.

Thomas R. Hopper of Exeter and Miss Elsie M. Flanagan of Bluffs were united in marriage at 4:30 o'clock Saturday afternoon at the court house by Justice A. B. Opperman. The ceremony was witnessed by County Clerk George L. Riggs and Miss Florence Short. The groom is a farmer and they will reside near Exeter.

McNeil-Johnson.

The marriage of Miss Blanche Johnson and Mr. Frederick H. McNeil, both of Chapin, was solemnized in Quincy at 2:30 o'clock Wednesday afternoon. The ceremony was performed by Dr. F. A. McCarty, pastor of the M. E. church, and was witnessed by only a few intimate friends of the contracting parties. The wedding was a very quiet one on account of the recent death of the groom's mother.

The bride is one of the most popular young women of the Chapin community and has a large number of friends who will join in hearty good wishes at this time. She was educated in the public schools of Chapin and later completed a course at Brown's Business college in Jacksonville.

Mr. McNeil, who was formerly a resident of Versailles, Ill., is now employed as a telegrapher in Chapin. He is highly regarded both in Chapin and in his former home. Mr. and Mrs. McNeil will make their home in Chapin and begin wedded life under most favorable circumstances.

Doctor Issues Warning and Tells How to Stop Tobacco Habit

New York: Dr. Connor, formerly of Johns Hopkins Hospital says: I am often asked if I know anything to stop the tobacco habit and I always recommend Nicotol, which I have prescribed with great success. Nicotol contains no habit-forming drugs, is absolutely harmless and produces astonishing results in a very short time. The use of tobacco saps the vitality, vim, vigor and ambition of the slave who is enthralled by its seductive effects. It undermines the health and leaves the victim an easy prey to general debility, throat and lung troubles, nervousness, insomnia, heart trouble, kidney trouble, headache, tongue and lip cancer and even blindness. Physicians the world over often trace the start of the above diseases and many others to nicotine poisoning.

If you want to free yourself from tobacco go to any drug store and ask for Nicotol tablets. Take one tablet after each meal and in a short time you will have no desire for tobacco—the craving will have left you. With the nicotine poisoning out of your system your general health will quickly improve.

Note—When asked about Nicotol tablets, one of our leading druggists said: "It is truly a wonderful remedy for the tobacco habit; away ahead of anything we have ever sold before. We are authorized by the manufacturer to refund the money to every dissatisfied customer, and we would not permit the use of our name unless the remedy possessed unusual merit." Nicotol tablets are sold in this city under an iron-clad money-back guarantee by all up-to-date druggists, including Armstrong's Drug Stores. Adv.

COUNTY OFFICERS TAKE MIDDENDORF CAR

Take Ford Thru Writ of Replevin Saturday Morning.

Deputy Sheriff John Roach, with deputies from St. Louis, went to the farm of Fred Middendorf near Chapin Saturday morning and thru writ of replevin issued from the office of the circuit clerk took possession of a Ford car which Mr. Middendorf recently purchased. As indicated in a statement yesterday, Mr. Middendorf was the innocent purchaser of a car said to have been stolen in St. Louis, and the proceeding yesterday was in an effort to secure legal possession of the car and to trace thru several sales and find out the person or persons who stole the car.

The complaint and affidavit thru which the replevin writ was sought were filed in the office of Circuit Clerk Boston by Mangson, Weiss and Harding Adjustment Co., a corporation, by their attorneys, Fauntleroy, Cullen & Hay.

It was set forth that a Ford car, on which the motor number 2,908,724 had been obliterated and the number 2,885,211 substituted, was in the possession of the defendant. After an indemnifying bond of \$1,000 had been filed the writ was issued by the circuit clerk and served thru the sheriff's office.

This is a proceeding which while annoying to Mr. Middendorf, in no way reflects upon him and he is protected in his purchase price by the men from whom he bought the car.

For your Sunday dinner some of our ice cream will taste very good. Orders by phone filled promptly.

OVERSEAS VETERAN STOPS A RUNAWAY

Roy Bond Brings Farm Team to Halt After Dash Down South East Street Last Night.

Roy Bond, son of Finley Bond, 1322 South East street, did a brave and courageous act about seven o'clock last evening. The experience of the young man while in the service overseas no doubt helped nerve him for the act. At any rate at the time mentioned a team attached to a large farm wagon dashed by the house on a full run, the lines trailing between the horses. The young man leaped into the rear end of the wagon, climbed out over the tongue, seized the lines, climbed back into the wagon and stopped the team. The horses were a kind of Chestnut bay color; the make of the wagon the young man didn't notice. He took the rig to the barn on East Morgan street east of East street where the owner will find them.

GEO. JANSBORG FACES NON-SUPPORT CHARGE

Governor Lowden Issues Requisition Papers to Bring Him Back from St. Louis, Mo.—Was Foreman at J. Capps & Sons.

George Jansborg, formerly a foreman at J. Capps & Sons, will be brought back to Jacksonville from St. Louis to face charges of non-support of his wife and three children.

The complaint was made by Mildred Jansborg and Deputy Sheriff Andrews went to Springfield Friday evening and secured the requisition papers from Governor Lowden. He expects to go to St. Louis Monday to bring Jansborg back.

Jansborg is charged by his wife of deserting her and her three children about a month ago. Following his disappearance, Mrs. Jansborg went to Chicago but recently returned here. She decided to take up the matter of locating her husband and appealed to State's Attorney Robinson with the result that the warrant was issued and requisition papers asked for.

Scraps of News

BANK CLEARINGS.
Bank clearings for the past week amounted to \$597,723.99. Last year the same week the clearings were \$705,120.97.

ON MOTOR TRIP.
Wilbur and L. P. Hauck left yesterday afternoon in their Overland roadster, on a motor trip to Nashville, Ill., in the southern part of the state. There they expect to visit at the home of their parents for two weeks.

NEW SPEEDWAY.
The new pavement on North Church street is said to have offered too much temptation to speeders in the last few days. Several times accidents have been narrowly averted when cars darting out of cross streets came in the path of rushing autos. Some discretion on the part of drivers is in order on this fine new pavement.

WILL FEED ANIMALS.
McNamara & Henneghan have the contract for supplying the hay and grain for the Al G. Barnes Circus which comes to Jacksonville today for a performance tomorrow. The contract calls for four tons of hay per day and 200 bushels of oats per day.

HIGH PRICED FLOUR.
The flour quoted in the government list of foodstuffs offered the public is rather high when one stops to figure that in paying \$5.06 per hundred pounds that this is at the rate of \$16 per barrel. There are 196 lbs. in a barrel. It is understood that there is a government order prohibiting the sale of flour at a price greater than \$12 per barrel.

NEW CARS STAND IDLE.
John S. Hackett of 876 West State street, recently returned from a trip thru the east. He stated that he himself saw and counted one hundred brand new cars standing on a siding at Concord, N. H., on the Boston and Maine Railroad. These cars had no names painted on the sides and had never been used. He stated that in a number of other places along that system a similar condition existed. While in Illinois elevators are bursting because they cannot get cars to handle the grain.

JAMES VIEIRA RETURNS
Private James Vieira has arrived from overseas and is visiting at the home of his uncle, Frank F. Vieira of 738 North East street. He enlisted 26 months ago and has been in overseas service for 20 months. He was a member of the second division and has been in active service in eight sectors in France. Since the signing of the armistice he has been guarding in Germany. He is well and looking fine and altho he was glad to serve his country he was glad to receive his honorable discharge and be home with his friends again.

ANNUAL SCHOOL REPORT HAS BEEN COMPLETED

Statistics Showing Condition of Morgan County Schools Filed By Supt. Vasconcellos.

The annual report of the condition of the schools of Morgan county has been compiled by Supt. H. H. Vasconcellos in accordance with law, and a copy sent to the State Superintendent of Public Instruction. The annual report as usual contains a large amount of interesting general and financial statistics, as related to the schools of the county. The report goes into minute detail and the state department from a study of the comparative and summarized figures given from each county, is able to get an accurate line on general conditions thruout the state, as related to country schools.

Enrollment Statistics.
The number of boys under 21 years of age enrolled in all the townships is 6,623; the number of girls under the age of 21 years 6,377, making a total for the county of 13,000.

The amount of salaries earned by men teachers during the year was \$18,172.22, and the amount earned by women teachers was \$142,931.12, making a total of salaries paid to men and women teachers of \$161,103.34. The total days of attendance for teachers was 614,423. The amount paid into the teachers' pension fund during the year was \$724.

Special interest will attach to the values given to sites and buildings, the total for the county being \$690,700. In addition to this figure the schools have equipment and apparatus to the value of \$73,950.

In the paragraphs giving figures on the length of service it is shown that last year 99 schools had teachers who had served in that district but one year. There were 15 where the teachers had been in service in the district for four years, and in five instances the teachers had served ten years. In two districts the same teachers have been engaged in the work of instruction for fifteen years, and remarkable as the fact seems, there are thirteen teachers in the county who have taught in the same district for twenty years or more.

Under general financial statistics the total bonded indebtedness of schools is given as \$88,450, and the number of books in school libraries is 11,157.

The new law fixing salaries of teachers, or rather the minimum, will make some changes in next year's report, but for the past year some of the salary ranges were as follows:

One teacher received a salary somewhere between \$200 and \$299; eleven were paid salaries ranging from \$300 to \$399; forty four drew salaries ranging from \$400 to \$499, and fifty salaries from \$500 to \$599. The number was still larger in the range from \$600 to \$699, as fifty five are in this list. Only four had a salary range from \$700 to \$899, one received a salary somewhere between \$900 and \$999; four between \$1,000 and \$1,099; one \$1,100 to \$1,199, and one, \$1,300 to \$1,399.

High school teachers received better pay, thirteen drawing salaries ranging from \$900 to \$999; four \$1,000 to \$1,099; one \$1,400 to \$1,499; one \$1,700 to \$1,799; one \$2,500 to \$2,999. The total of district school taxes was \$243,204.23, and the tuition fees paid by pupils amounted to \$302.93. There was one fire loss during the year, and insurance adjustment of \$1,638 being made in Township 13-10. The list of school expenditures includes the following items: interest on teachers' orders \$1,922.46; janitors and engineers \$10,802; fuel, water, light, etc \$13,210; repairs, etc., \$22,709; libraries \$25.14; promotion of health, \$537.

As indicated, the report goes into extended detail, and so presents an accurate summary of the conditions of Morgan county schools.

Insure Your CLOTHES Against MOTHS for \$2.00

"No-Moth" is garment insurance. It offers real protection—the best you can buy. It surrounds your clothes with a security that is absolutely guaranteed. Insure your clothes today by buying "No-Moth."

"No-Moth" is a very small and simple device, consisting of a metal hanger, 6x2 inches, which holds in an inverted position a 4-ounce bottle filled with a concentrated essence of the richest and purest of cedar oil and sealed with a patented absorbent cap. The oil seeps out into the porous cap and produces a constant evaporation, making of your ordinary clothes closet a moth-proof cedar chest. Get a "No-Moth" today.

Mr. and Mrs. Charles McDonald of north of Jacksonville, entertained about 30 persons on Sunday at a fine dinner. Among the company were a goodly number of Literberry friends.

Mr. and Mrs. M. O. Petefish drove to the Grace Chapel neighborhood Sunday and visited with Mr. and Mrs. Frank Gish.

Mr. and Mrs. C. A. Beavers and James Robert have returned home after a visit of several days at Beverly.

During the present strike, the

railroad men of this section are making themselves useful to the farmers, by going into the fields and assisting in threshing and baling.

Chester Brainer of Meadow Green farm came up to the Literberry depot on Wednesday and loaded a nice piece of furniture on his car and drove away in the direction of Grace Chapel.

Mrs. Jennie McFarland went to Chandlerville Sunday to see some friends, returning Monday afternoon to Literberry.

Mrs. Elizabeth Johnson of Jacksonville is making a visit with friends here.

Mr. and Mrs. M. M. Crum of Jacksonville were driving on our streets Friday.

Mrs. O. M. Petefish of "Golden Green" was quite ill on Sunday evening, and was taken to Arcadia to Dr. Obermeyer. She is some better at this time.

James Johnson of Arcadia was in Literberry Friday afternoon.

Mr. and Mrs. Arthur Litter of Oakdale are driving a new Chevrolet car.

EDITH M. ROBINSON STUDIES WITH FAMOUS TEACHER IN CHICAGO

Friends of Miss Robinson will be interested to know that she is having the rare opportunity in Chicago of study with Percy Grainger, the famous English pianist-composer.

The coming of Mr. Grainger to Chicago this summer has been of notable interest to musicians throughout the country, for altho a world famous artist and composer, this is the first time Mr. Grainger has held a regular teaching session in the United States.

"Musical America" says: "Famous artists express admiration for Chicago as a music colony."

"Percy Grainger, David Bisham, Leonard Auer, Oscar Saenger, and Herbert Witherspoon are among the foremost artists and musicians of the day and are now engaged in Chicago in giving advice and instruction to a large number of music students from all over the country. These artists are guest teachers at the Chicago Musical College, with the exception of Mr. Bisham."

"Mr. Grainger is enthusiastic over the summer session plan which is of vital importance to all parts of the country. His class has included students from numbers of the states and Canada, many of whom he regards as exceptionally talented."

Mr. Grainger gave a private recital for his students near the close of the session which was a tremendous inspiration and the compliment thus paid them was deeply appreciated by his pupils who have become devoted to him.

In addition to this, Miss Robinson took some work with Rudolph Reuter, with whom she has formerly studied. Mr. Reuter is well known to Jacksonville music lovers as he has been heard here in recital several times.

After a visit with relatives in Oak Park Miss Robinson will return to Jacksonville preparatory to resuming her work on the faculty of Illinois Woman's College.

THOLEN FUNERAL HELD AT BLUFFS THURSDAY

Enoch Tholen, Aged Scott County Resident, Laid to Rest in Cemetery at Neeleys—Charles Knott Visits in Winchester—Other News.

Bluffs, Aug. 16.—W. A. Frohwitter and family have returned from Council Bluffs, Neb., after an absence of two weeks.

Mrs. Etta Weiss and family of Springfield have been visiting her mother, Mrs. Laura Frohwitter this week.

Mrs. H. C. Finney and Mrs. Belle Parker were city callers in Jacksonville Tuesday.

Charles Knott of Peoria, who has been visiting relatives in town for the past week, left Saturday for Winchester to visit old friends on his way to St. Louis, where he will spend a week before returning to his home in Peoria.

James Lathrop and Forest Adkins spent Friday at Smith lake near Naples fishing. They returned in the evening with a nice string of fish.

Funeral services for Enoch Tholen, who passed away at his home Tuesday, were held at the family residence at 1 p. m. Thursday and at 2 p. m. at the Lutheran church at Neeleys. Rev. John Deterding, pastor of the church, who had charge of the service, delivered the funeral sermon in both English and German.

The remains were interred in the church yard cemetery at Neeleys.

Enoch Tholen, prominent citizen, and retired farmer, passed away at his home in Bluffs at 8 o'clock Tuesday morning after an illness of two years.

He was born in Hanover, Germany, May 10th, 1845 and came with his parents to America at the age of 4 years and settled in Morgan county near Bethel, where he resided until seven years ago when

he came to Bluffs and retired from active farm life.

In youth, the deceased was united in marriage to Miss Eliza Finnigsmier who passed away 14 years ago. In 1907 he was wedded to Mrs. Margaret Bentz, who passed away in February, 1918. He is survived by the following children: Mrs. Maggie Puls, Bluffs; Mrs. Anna Laykamp, Chapin; Mrs. Emma West, East Alton, and Fred Tholen, Jacksonville. Three children have preceded him in death: Mrs. Mary Englebrecht, Mrs. Riekie Finnigsmier and Louise, who died in infancy.

Pointed Paragraphs

The packers say that they welcome the government suit, so it would seem that everybody was satisfied.

The food crisis shows that a red handkerchief over the face and a revolver in the hand are not necessary in a holdup.

Mr. Martini has been arrested for drunkenness in Louisville, Louisville has never had any use for Martinis that weren't dry.

The public hasn't decided yet whether that's a new strike in Brooklyn or the same one that's been going on for fifteen or twenty years.

There is absolutely nothing to the rumor that the paragraphs are going on strike, as the newspapers are not under government control.

It is true that Secretary Lansing doesn't appear to know much about what was done in Paris, but probably it is explained by the fact that he hasn't been home long enough to find out.

A couple of young Chicago millionaires left their homes a week ago to work in the Dakota wheat fields, and to show the world that rich men's sons are not always lazy, they said. Nothing having been heard from them since, it is assumed that their mothers have warned them return tickets and instructions to come in out of the hot sun.

A good many people are expecting too much from the war department, which intends to reduce the cost of living by releasing surplus army supplies. Remember that to reduce the cost of eating, there must be a plentiful supply of food. And then remember that the war department has only about 120 million dollars worth of food to contribute to this worthy cause.

DESIRABLE Philadelphia Public Ledger: A shortage in profiteers would be a national blessing.

INCREASING HEAT Omaha World Herald: The troop of big and knotty questions make Washington a good deal hotter place than it usually is in summer.

THE NOISY REFORMER Minneapolis Journal: It is the man with no economic knowledge nor industrial training that can most easily tell you how to reform the whole place.

Kansas City Star: Mexico has abolished the one-day pass into that country from the American border, because it is charged, Americans go to Mexico for the purpose of getting drunk. Well, what other excuse could an American have for going to Mexico?

AN ADMISSION New York World: After reading the debate in the senate on the cost of living, we are willing to admit that the senators probably know as much about it as they do about the treaty of peace, and nobody could know much less.

HUMAN PERVERSITY Beresford Republic: Human nature is peculiar, and not altogether consistent. Last year the people were asked to buy only limited amounts of coal so that the available supply could be made to last through, but many then wanted to hoard up all the coal they could get. This year there is no government control and people are advised to buy all they will need, but they are in many instances neglecting the matter entirely.

AUGUST Shorn of their wealth, the harvest fields Lie silent in the sun Weary, beneath the languorous haze, Their generous labor done.

The dreamy river trails its length Across the breadth of gold; Slow-creeping, till it finds its way By cedars grim and old.

Gone are the lilies, but the leaves Float sullen on the stream Above the shimmering underflow Where water-grasses gleam.

The flashing pickerel snaps the fly Which careless skims the wave; And circles widening to the shore The rooty margins leave.

The turtle warming on the log Prolongs his length of days, Unheeding of the empty nest The puffing cattail sways.

Now, slow before the lowering sun A lucid vapor spreads, Drifting in hazy coolness o'er The mallow's rosy heads.

Nature holds close and tenderly Her drowsy children dear; This is her hour of full content—Her "rest-time" of the year!

CONSOLATION Kansas City Times: Germany ought to cheer up. Her future is just as bright as that of the American Brewers' association.

EMPLOY UNION LABOR Local No. 904 Carpenters and Joiners at a recent meeting voted to request all those who are contemplating camping at the chautauqua to employ union carpenters for building tent floors and any other carpenter work that may be needed.

**ESSEX
MOTOR
CARS**

Just a Ride Makes

A Hundred New Owners Are Added Daily

—Each a Warm Supporter of the Essex

Men Want the Essex

Surely no car has ever equaled the Essex in the way it has been endorsed by the public. From the very first it has been advertised just as we said it would be, by what people had to say for it.

You remember we announced the Essex would have to speak for itself. Its fate was left with the people. And now you can judge what the verdict has been.

**One Hundred Owners
Added Daily**

Deliveries at this writing exceed 10,000 cars. And average of 100 new buyers are getting their Essex cars every day.

Such a production would be large for many older organizations. But it is not half equal to the demand that there is for the Essex.

**Sweden Ordered 5
Then Cabled for 75**

The first shipment of Essex cars reached Sweden a few days ago. The initial order was for 5. But on the day they were unloaded the dealer cabled for 75 to be shipped immediately.

That is significant, for Sweden is one of the countries where gasoline costs nearly a dollar a gallon. Even before the war European countries did not take readily to American cars. Only the light, small, inexpensive cars had a market then.

Cost of operation was the big item. Gasoline and oil prices made large cars impractical.

But the Essex just met the needs. It has the sturdiness and dependability. Europeans had never attributed to moderate priced American cars. The Essex met their demands for economy and low operating cost.

**And Those Advantages
are Important Here**

Americans rather than put up with the customary objections of light low

priced cars, more willingly paid the price that obtained the degree of elegance, comfort and performance they wanted.

But the Essex seems to have filled the need as we expected it would. It answers the demand for moderate first cost. It meets the inexpensive cost and maintenance situation and, of course, it gratifies the taste in appearance and performance.

**How Everyone Talks
for the Essex**

They tell their friends what they have learned about it.

Any dealer can tell you of person after person who has placed orders with him as the result of a ride they have had with some friend. As a test of how it stands in the opinion of motorists in general, or even the man in the street, mention the Essex anywhere you might be in such a way as to provoke a discussion of it.

The result will be interesting. You aren't likely to hear a single adverse criticism. But you will probably conclude everyone is interested in selling you an Essex.

**That is the Essex
Selling Force**

It is just what you will hear from any group of motorists. Everyone seems bent on telling everyone else what a fine car the Essex is.

Note the manner in which they praise it. People judge it in comparison with other cars of merit that they know.

That probably explains why Essex performance and quality is compared to large, high priced automobiles.

There is no other measure by which Essex can be described.

When will you take your ride in an Essex?

Your enthusiasm will be as great as it now is with close to a million others.

Essex boosters grow daily—and thus they swell Essex sales.

MAVERICKS

That man who married seven women had a lot of courage. Most of us find it hard to provide for one.

It might be all right for the government to buy the railroads but who is going to furnish the money to pay the help.

Automobile owners will have regular Rah Rah colors on the license tags next year, Secretary of State Emmerson selected Orange and Black as the colors. Can you imagine those colors being furnished by the Greenduck Company?

An appropriation of \$500,000 has been made to investigate the high cost of living.

Probably after they spend that it will be higher than ever.

That six cents the jury awarded Mr. Ford in his damage suit against the Tribune must make him feel a lot like 30 cents.

But then six cents will almost build a present day Ford.

Perhaps it is the cost of high living that makes it impossible for some citizens to live off of \$300 a month.

President Wilson tells Senator Lodge he wants the people to know about the peace treaty and league of nations. The people would like to know too and are wondering why the president don't give out the information to the newspapers which are hungry to give it to the public.

A note of warning has been sent to President Carranza of Mexico. We hope it won't turn out as deplorably as did the Vera Cruz incident.

Dispatches tell us that we are to be served with "canned speeches" in the 1920 presidential campaign. Most of us are hoping that they will be canned so tightly they can't get out.

It seems to us that the Democratic platform of 1912 carried a clause pledging the party to reduce the cost of living. Somehow the party seems to have been running on a reverse curve for several years.

Evidently the counterfeiter who left the motto, "In God We Trust" off of the twenty-five cent piece in the possession of State's Attorney Robinson didn't have much faith in God.

Our old friend and fellow worker John Kearns offers this contribution:

A Pod of Peas for the Packers.

Pitiless publicity planned for profiteers plainly plagues public, panting pathetically portionless. Portentous probe preparations pique people peaceably predisposed. Presumptuous packers pretend patriotic preservation, premeditate private privilege. Prevaricating profiteers, profoundly pretentious, proffer preposterous pretenses. Please, Printer, place plenty paragraphs pleading prompt penalties packers. Propose permanent panacea, positively practical, penning prominent parasites personally. Pinch pig persons persuasively, purloining palpable plunder. Pull peculating people plying petty practices, pretending probity. Perhaps prompt penalties provide proper palliatives procuring protection. Prod pirates pluckily. Persevere.

We note that Douglas Malloch's press agent says that he coined the phrase, "Honor Thy Father

and Mother, but Not Stranger's Checks," about twenty five years ago. We are personally acquainted with Doug and know that he is just about 40 years of age. So he must have been a very precocious child to have coined a phrase like that at the age of 15 years.

Danville exhausts her gas supply, the dispatches tell us. We have a supply of gas here at the present time that we could let Danville have without much inconvenience.

While the attorneys for the Chicago Tribune were unable to prove that Mr. Ford is an anarchist, they did prove that he has a woeful lack of knowledge of his country's history.

And Pity 'Tis, 'Tis True. Stranger—East State street is the best street in Jacksonville.

Native—How do you get that? Stranger—Why, it's about the only street in your town where one doesn't need a row of eyes around his head to help him avoid being run over by scorching autoists.

Pitiless Publicity Planned for Profiteers.

SOX DOWN BOSTON IN THRILLING GAME

Chicago Produces Winning Run in the Ninth on the Squeeze—Other American Games.

Chicago, Aug. 16.—In a great see-saw battle of many thrills Chicago defeated Boston in the final game of the series 7 to 6 producing the winning run in the ninth inning on the squeeze.

One man was out in the ninth

when Felsch singled to left, Gandil followed with a single to right, Risberg then followed with a walk, Schalk laid down a bunt and Felsch counted with a final run. Ruth made the longest home run which was ever made at the park when he knocked the ball over the right field bleachers. The score:

MR. MAGILL OMITTED.

Thru a mistake of some kind the name of county commissioner, Charles S. Magill was omitted from the list of men who went to Modesto Friday evening in George Wheeler's car. Incidentally it may be mentioned that Mr. Wheeler did about as fine a piece of auto driving as one would care to see on the way home from Modesto. The it was raining most of the time and there were some bad hills between Franklin and Waverly, the distance, 32 miles, was covered in an hour and twenty minutes.

Mrs. Dan Ward was a city visitor from Sinclair yesterday.

PERNICIOUS DOCTRINE EXPOSED BY PITTSBURGH EMPLOYERS

Daily Iron Trade and Metal Market Report News Bureau, 2148-9 Oliver Bldg.

PITTSBURGH, Aug. 16.—The employers' association of Pittsburgh has passed a resolution declaring that the increased production in industrial plants lies the solution of the high cost of living problem. The National Association of Manufacturers has approved a like resolution.

"The make-work" principle, which, it is said, has a large number of advocates, is declared to be un-American and unsound. This principle is that the less work one man does, the more there will be for someone else to do. Industrial workmen are called upon to discourage the doctrine, which, it is said, will result in industrial demoralization. The resolution reads:

"Whereas, the question of high prices on many commodities of life has continued, since the cessation of military hostilities in France, to be of paramount importance to the people and industries of the United States; and

"Points Out Error."
"Whereas, there exists a well-defined effort among certain classes of our citizens, wrongly and unjustly, to disseminate the belief that the manufacturers and business men of the country are the principal and most reprehensible violators of the normal operation of the laws of supply and demand; and

"Whereas, the burdens of taxation due to the war and other causes and levied on our citizens and industrial enterprises by the federal, state, and local authorities have become oppressively heavy, and contribute in no small degree to the present high price levels; and

"Whereas, high prices are largely due to the growth of tendencies among our labor elements to restrict and curtail individual and collective industrial production, a policy based largely on the false, pernicious and widely preached doctrine that 'the less a man does the more work he provides for others to do,' which, together with other unsound and un-economic present

labor tendencies, threaten to result in a lessening of the productive effectiveness of our American industrial machinery; and

"Whereas, it is the true welfare and interest of the people of the United States that our national industrial production be continuously increased so that our war debt taxation may be eliminated in as short a time as possible, more normal price conditions prevail and our industrial development and prosperity be stimulated; now, therefore be it

"Resolved, First, that we deny the truth and deprecate the tendency of the teaching that the manufacturers of the United States are the principal or deliberate authors of the present era of higher price levels.

"Second, that we urge and call upon the people of the United States and our factory workers in particular, to refuse and discourage the un-American and dangerously unsound 'make-work' doctrine, which if pursued to any extent, will result in complete industrial demoralization.

"Third, that we urge and call upon the people of the United States and our factory workers in particular, to do everything in their power to encourage, stimulate and increase our industrial production, as the direct means toward restoring more normal price conditions.

"Fourth, that we urge and call upon every duly-constituted federal, state and local agency of government in the United States to lend its aid to an effort to foster and increase our industrial production, promotion of harmony and discouragement of agencies and causes of discord and bad feeling between the employers and employees, and relieve from every possible handicap the legitimate manufacturing interests of the country.

"Fifth, that we urge upon the public press, the churches, educational institutions and every other factor in molding public opinion to give all possible assistance in directing public attention to the urgent need for increasing industrial production."

FROM CAPT. SWALES.
Capt. J. M. Swales writes from Richmond, Ill., that he arrived at that place quite used up physically and needing a complete rest in order to regain his normal condition. He is in good hands and his early return in usual condition is earnestly desired by his numerous friends.

Mrs. John Halligan and family traveled from Strawn's Crossing to town yesterday.

IN FIFTEEN DAYS HE
GAINED 15 POUNDS

Thompson Was So Run Down He Couldn't Walk Without Help—Tanlac Builds Him Up.

"I commenced taking Tanlac just fifteen days ago, and have gained exactly fifteen pounds so far, which gives me an actual gain of one pound a day," said Peter Thompson, who for the past six years has been connected with the Kansas City park board, and lives at 409 Chestnut street, Kansas City, Mo., a few days ago.

"When I began taking Tanlac," he continued, "I just felt like I was run down that I couldn't walk a step unless I had somebody to lean on, but I can get out and cover a good many blocks now, and am getting ready to go back to work. Sometime ago I had a bad spell of typhoid pneumonia and it came very near finishing me up. I was so poor that I couldn't eat enough to keep me alive hardly. My head ached all the time, and I would often have dizzy spells. I also suffered from nervousness and never got a good night's sleep. My stomach was in mighty bad condition, too, and everything I ate disagreed with me, and I would have the worst sort of attacks of indigestion. I was certainly in bad shape and I had begun to think that I would never find a medicine that would get me started up hill again.

"I had been reading the different statements about Tanlac, and one day I saw where a lady whom I knew very well, had been greatly helped by taking this Tanlac so I made up my mind right then and there to give it a trial myself. I commenced to get better right away, and it is just simply remarkable the way I have gained in weight and strength. Why, I can go anywhere I want to, now, and I can just feel myself getting stronger every day. My appetite has come back and I eat three hearty meals every day, and what I eat agrees with me all right. I never have indigestion or any kind of stomach trouble any more and my nerves are so steady that I sleep like a log every night. The headaches have left me, too, and so have those dizzy spells. In fact, I just feel fine all the time. Tanlac has just simply fixed me up all right, and that is why I talk so much about it, and am always recommending it to other people."

Tanlac is sold in Jacksonville by Coover & Shreve; in Mercedos by Mr. R. B. Field; in Murrayville by M. E. Gilbert; in Waterville by the Wyle Drug Co., and in Woodstock by the Hoy Pharmacy, (adv.)

FAST TIME FEATURES BELMONT RACE MEET

PHILADELPHIA, Aug. 16.—High class racing and fast time featured the closing day of the Grand Circuit meeting at Belmont track today. The champion stallion, Lu Princeton, 2:02, trotted the fastest mile of the season in his attempt to beat the track record of 2:01 1/2 made here last year by St. Frisco. Lu Princeton, driven by Cox stepped the first half in 59 3/4 seconds and the mile in 2:02 3/4. Cox also won the feature event, the \$5,000 Winoga Stock farm stake for 2:11 trotters, with Mignolia. Cox's mare was a strong favorite for the event and won the first heat handily in 2:07 from Tommy Murphy's Fenesta. In the second heat Mignolia made a standstill break in the first quarter but Cox made a furious drive and managed to beat the distance flag. Mignolia hit her stride again in the third heat and won in 2:06.

The Veteran Ed (Pop) Geers registered another victory when he won the 2:12 pace in straight heats with Goldie Todd. Geers drove the daughter of Todd Mac, the first half in 1:01 and the mile in 2:02 3/4. She took the next two heats somewhat easier, Murphy being second in each heat with Sanardo. This is a new record for the winner.

Tommy Murphy won his only race of the meeting in the final event the 2:08 pace when he piloted Esther R. first in straight heats.

GLITTERING ARRAY OF GORGEOUS SPLENDOR

Mingled With Rare and Wonderful Features. To Be Seen in Al. G. Barnes Wild Animal Circus Coming Here Tomorrow.

Tomorrow will be jungle day. The Al. G. Barnes Circus is coming here from Litchfield over the C. & Q. R. R. The first section is due at 7:30 a. m. and at 10:30 there will be a two-mile long free street parade, resplendent in new paint, glittering with gold and silver. It is not an old time circus parade such as residents of this section are in the habit of seeing, but decidedly refreshing in its newness. Horses gaily caparisoned and attached to open dens of wild animals with their trainers sitting among these ferocious beasts. Zebras drawing tons of animals. Camels hitched to great band wagons, sacred oxen and many species of rare animals will be seen. Numerous bands playing good circus music, handsomely attired men and women riders, the inevitable calliope and steam piano, all make a striking picture over two miles in length.

There is something about the Barnes circus that appeals to the amusement loving public, perhaps due to the fact that no other circus in the world presents such a kaleidoscopic of animal wonders. And who does not love

animals and who is there that does not sit astounded at the wonderful tricks they are educated to perform? Nobody.

The parade is only a commencement of the meritorious wonders the Barnes shows offer. The program of 65 feature acts presented at the two performances daily have been the means of the management being able to build from a tiny dog and pony show, the biggest animal circus in the world.

The thousands of spectators that fill the tent, daily, year after year are the proof positive that the show is all that it claims for itself, "The Show That's Different." Educational to the last degree it is. Here while being amused by huge elephants educated to carry tiny Shetland ponies in their mouths, lions educated to act with tigers, leopards, bears, dogs and monkeys. Seals and sea-lions that amaze and surprise one with their learning. Equine and canine high brows that clearly show that animals have reasoning power, give a lesson in natural history and animal psychology never to be forgotten. Doors open 1 and 7 p. m.

SOLDIERS HONORED
AT VIRGINIA HOME

Mr. and Mrs. Roy Conover Entertain in Honor of Son and Friend—Miss Dora Smith in Chicago—News Notes.

Virginia, Aug. 16.—Mr. and Mrs. Roy Conover entertained about a hundred relatives and friends at their country home south of town Thursday evening. The affair was in honor of their son, Reuel Wright and Julius Anderson. Both young men have but recently returned from overseas service. Mr. Anderson was wounded while in the service, losing two fingers and the loss of the use of a third.

A concert and ice cream social was given by the Virginia Concert Band in the court house park Thursday evening for the benefit of the band. A neat sum was realized.

Mrs. R. P. King and children left Thursday for Jacksonville where they will make their home. Mr. and Mrs. Herman Kiel of Jacksonville spent Sunday with relatives here.

Miss Dora Smith left today for Chicago, where she will purchase the fall and winter stock of millinery. She was accompanied as far as Roanoke by her mother, Mrs. Ellen Smith, who will be the guest there of Mrs. Frank Brown. Mr. and Mrs. C. E. Paul left Tuesday for Gary, Ind., for an extended visit with the family of their son, Harry Paul.

Mrs. Dorothy Gibson is spending

the week at the home of her sister, Mrs. Howard Randolph, near Baylis.

Earl Emmitt was a Friday visitor in Jacksonville.

Mrs. William Needham was in Beardstown Monday, where she attended the funeral of the late William Thomas.

Francis Hughes, the five year old daughter of Mr. and Mrs. Ben Hughes, is a patient at a Springfield hospital.

Arch Cunningham will hold a closing out sale near the Anderson station August 20. He will leave in the near future accompanied by his family, for California, where they will make their home.

Miss Anna Thompson of Jacksonville spent Monday in this city. Miss Olive Fiedler returned home recently from an extended visit with relatives in Leslie, Ark., and Pittsfield, Ill.

Judge C. E. Martin is spending a period in Eureka Springs, Ark., for the benefit of his health.

Mrs. Ellen Packard of Deerfield, Okla., is the guest of relatives in and near this city.

Launcelot L. Wright and Miss Olga Landrey, both of Springfield, came to this city Tuesday and were married at the M. E. parsonage. Rev. J. D. Krewel, the groom is employed at the Sangamon Motor Works.

Mrs. Ralph Angier is a patient at St. John's hospital in Springfield.

Rev. and Mrs. G. L. Snively of Lewistown are guests of Mr. and Mrs. W. L. Black.

Mrs. Harry Maxwell and children of Astoria are visiting Mrs. Maxwell's parents, Mr. and Mrs. John Steiger.

Miss Margaret W. Whitlock of El Paso, Tex., is the guest of Mr. and Mrs. John Virgin.

Livestock shipments out of this place this week had to be driven to Beardstown as in days of old, in order to reach St. Louis markets, owing to the strike. Among those to ship stock were Messrs. J. Crawford, Robert Turner and James Maslin.

Mr. and Mrs. Earl Smith motored to Springfield today. Glenn and Robert Chittick, who had been their guests, accompanied them.

FOR SALE—TRACTOR
Practically new Molae Universal, plowed less than 40 acres. Reason for selling—quit farming. Address "Tractor" care Journal.

PLEASANT GROVE

Mr. and Mrs. Ernest Long are the proud parents of an eight pound daughter, Marjorie Lee, born Aug. 4.

Walter Read and Elmer Tucker of Greene county are visiting this week with their uncle, Lurton Tucker.

An auto party composed of W. S. Fanning and family, Mr. and Mrs. Ernest Henry, Mr. and Mrs. William Fanning, Mr. and Mrs. Clyde Fanning, William White and family and Mrs. Clara Ornellas and children went to Canton Sunday and spent the day with Charles Fanning and family.

Misses Grace and Alma Jennings are camping at Lake Matanzas this week with a number of friends from Murrayville.

Mr. and Mrs. Lurton Tucker spent Saturday with the former's aunt, Mrs. William Barnard and family near Greenfield.

Mrs. Albert Riggs, who is staying with Mrs. Ernest Long this week, was called to Jacksonville to see her son, Charles Wednesday evening. He was injured at the Illinois Steel Bridge Co., by a sledge hammer hitting him over the heart.

Mrs. Clara Ornellas and children of Chicago are spending the week with her brother and sister's families, W. S. Fanning and Mrs. Ernest Henry.

TALENTED.

From the Birmingham Age-Herald "But you led me to believe those suburban lots I bought were very desirable," said the disappointed client.

"I don't deny the soft impeachment, sir," replied the brisk real estate salesman. "I wouldn't be able to hold the responsible position I have with this firm if I were not—ahem—somewhat of a word painter."

VISITING PARENTS

Miss Jeanette Scott is in the city visiting at the home of her parents, Mr. and Mrs. Ezra Scott on South Main street. She expects to be in the city about five weeks. She is located at Cedar Rapids, Iowa.

Miss Jane Foreman has gone to Jerseyville to spend Sunday.

Miss Rose Wagner is enjoying a vacation from her duties at the Jacksonville Farm Supply company. She expects to spend several weeks in Chicago.

The Peoples Furniture CO.

STANLEY H. WRIGHT, Manager

Announces the Opening of Its Doors at 209 South Sandy Street, on

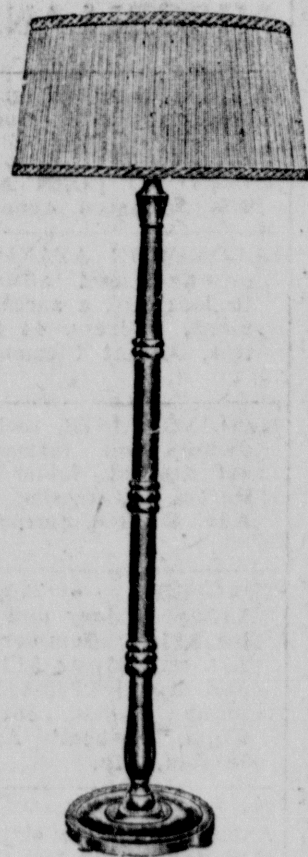

Tuesday, August 19th.

We call it The People's Furniture Store because our proposition is one that appeals to all people—the exchange of furniture. It is desirable to refurnish the home from time to time. Under the usual method of doing business this is expensive. But under our system it can be done for little money, for we will exchange our new up-to-date furniture for your used goods. This exchange idea is becoming popular the country over. We are sure it will become popular in Jacksonville when the people see the many beautiful things we have to offer. We shall at all times keep complete stocks of

Furniture, Rugs, Carpets, Stoves, Etc.

We can and will save you money on every article that you buy of us. We are located outside of the high rent district, thus reducing overhead expense to the point that we can conduct our business on a smaller margin of profit. Look through your home today. Determine your needs. Then come in and see how splendidly we can supply them. We deliver goods free of charge to any part of the county.

DON'T FAIL TO COME IN TUESDAY. LET'S GET ACQUAINTED.

We Will
Give the
Famous
S. & H.

GREEN STAMPS

The Discount-for-Cash Token

Known From the Boston Common to
the Barbary Coast

The value of "S. & H." Green Stamps is well known to Jacksonville folk. Since first introduced some years ago they have saved money day in and day out for every collector. It is an old saying that once an "S. & H." Stamp collector—always an "S. & H." collector. Just the same as once a customer of the People's Furniture Store always a customer.

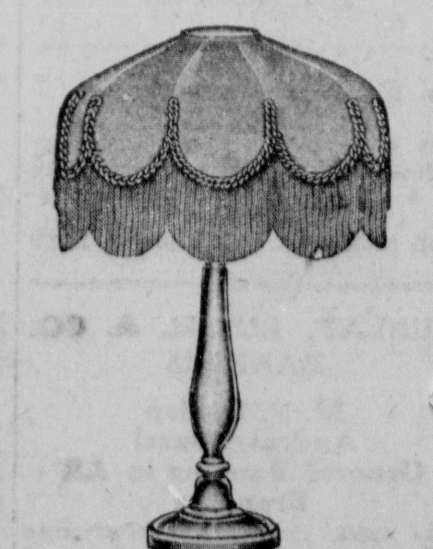

We will issue "S. & H." Stamps liberally and gladly on all cash sales, as well as on bills paid on or before the tenth of the following month. We will offer every opportunity for you to save materially, because "S. & H." Green Stamps are known by the saving they render—and we want you to enjoy every benefit they offer.

There is little need for us to preach about "S. & H." Premiums. To tell you they are products of standard manufacturers and comprise household needs, comforts and personal requirements is enough. We will say however, that they stand peerless amongst Premiums and paramount with practical people. That's saying considerable. But facts can't be denied. And we never have been noted for keeping a good thing in seclusion.

In closing we only urge you to commence. Commence receiving "S. & H." Stamps on all purchases made here. Added to the stamps obtained at other Jacksonville stores you'll be able to fill your book very quickly. That's our side of the story. The rest is up to you.

August Models of
Wirthmor Waists
are in!

—Always something NEW; that's the Wirthmor idea—the big idea back of this great co-operating merchandising plan that brings to us these far-famed, popular, praise-deserving Blouses.

—So vast is the volume of Wirthmor sales that the makers can and do employ a staff of eminent style artists to closely study style development and to weave into the models that are constantly being created the fashion notes that herald the incoming mode.

—Under this very unique and efficient plan these new styles come to us but a very brief time after their origination and are placed on sale here at the very same time they first make their appearance in Nation's Style Centers.

And lest you forget, the price is just \$1.50, the same low uniform price at which these exceptional Blouses are sold throughout the country. They are by far, and are everywhere recognized to be the best Blouses obtainable at the price.

Wirthmor Waists can be sold in just one good store in every city: In this city they are sold here only.

Some exceptionally attractive blouses \$2.50, well worth more

—What kind of a Blouse will \$2.50 buy? Well, it all depends on where the Blouse is bought. Bought here it will be one that's mighty good looking, and one strong in service-giving qualities.

—As is generally known we have the exclusive sale of the WELWORTH, recognized from coast to coast as the very best Blouse that can be made at \$2.50, and every Welworth model helps to strengthen this good reputation.

—Whenever you buy a Welworth, you can buy with assurance that the Blouse will be in every respect satisfactory, that it will be true to size and give a generous measure of complete Blouse satisfaction.

Remember: The same new Welworth styles go on sale here the same day as in the style centers of the country.
